Soviet Vote Shows Why U.S. Doubts

Russia Imposes Some Impossible Conditions President Says, Uses Old Language

Washington, Nov. 5 (AP)—Russia's newest note blocking a Big Four foreign ministers meeting on Germany was released today, pointing up why President Eisenhower and Secretary of State Dulles apparently are despairing of negotiating major world problems with the Soviets any time soon on an acceptable basis.

For Moscow not only set up "impossible conditions," as the President put it, the Soviets also reverted to some of the language, such as talk of "the threat of a new world war," which was favored in the later years of the Stalinist period.

U. S. officials, who have been studying the 4,500-word document since yesterday morning privately suggested that it marks the end of a brief but hopeful era in Russian relations with the west beginning with Joseph Stalin's death last April.

Has No Intention

Despite various Moscow peace gestures, these officials said the note demonstrates clearly that Russia's Malenkov government presently has no intention of negotiating on any terms acceptable to the west.

One conclusion of U. S. officials is that obviously the world is in for an indefinite period of continuing tension and there is no hope to be found—with the exception of continuing efforts for a Korean conference—for any serious negotiation with the Russians.

As President Eisenhower indicated in a statement yesterday, the Russian note called for abandonment of the projected European defense community and West German rearmament, for virtual scrapping of the North Atlantic Treaty defense system and for acceptance of Communist China into the councils of the great powers. These were the "impossible conditions" which the President denounced.

Touches Negotiations

In sweeping references to problems all over the world, the Soviet note touched on negotiations for a Korean conference and criticized the United States for "rejecting the participation of neutral countries in the Korean conference." Russia contended that this "makes the participation of the U.S.S.R. in this conference impossible."

In spite of this, authorities here felt that the Soviets had not completely closed the door on arrangements for a Korean political conference on terms acceptable to the West. It was pointed out that the negotiations for such a meeting now being conducted at Panmunjom are with the Chinese and North Korean Reds and the Chinese are assumed to cooperate with but not to take orders from the Soviets in this matter.

President Holds To His Policies

Eisenhower Says Job to Provide Long-Range Program

Washington, Nov. 5 (AP)—President Eisenhower, conceding he is not completely happy over portents of Democratic resurgence at the polls, vows he is sticking to the political and legislative course he has charted.

The job of his administration, he told his news conference yesterday, is to provide a dynamic and forward-looking program for the country. He said the administration will continue toward that goal, believing that in the long run it will win.

Eisenhower declined to appraise the results of Tuesday's elections, which included surprise Democratic victories in New Jersey, in terms of reaction to his administration's policies or actions.

He told reporters he just didn't know, and they would have to do their own analyzing.

Not Fully Pleased

The President volunteered, to open the news conference, that he was not completely pleased and happy with some of Tuesday's state and local election results. But he added, giving reporters permission to quote him directly in this instance:

"I have lost skirmishes before."

Taking up the military analogy, a reporter asked whether he intended to win the war—presumably the 1954 congressional elections.

He never went in a war to lose one, the President replied.

Questioning came back time and again to politics, specifically to the elections of Tuesday. In them, the Democrats swept to victory in the New York city mayoral race, elected a governor and a congressman in recently Republican New Jersey, held the Virginia governorship, and made gains in local elections in such states as Connecticut.

Signs of Opposition

This showing in heavily populated eastern areas came at a time when most politicians were saying there were definite signs of opposition to the administration in midwestern and southern farm areas.

These factors seemed to many political observers to add up to a gloomy picture for the Republicans, facing a fight to retain or widen their narrow margins in the Senate and House next year.

Whether Tuesday's results really foreshadowed a national trend toward the Democrats was a matter for debate. Anyone talking to a dozen politicians would get a dozen explanations. Certainly there was no clear issue running through the state and local campaigns, and there were many of only local interest.

Many Republicans, while conceding unhappiness, pointed to these local issues. Democrats were quick to note Eisenhower had given a blanket endorsement to all Republicans running everywhere.

The President, asked whether he would support next year Republicans who do not support him and his program, said he didn't want to try to answer that one, that he didn't think he could give a good answer.

Will Get Change

He was asked about a congressman's statement that the people a year ago had voted for a change and hadn't gotten it.

His opinion, the President replied, is that the kind of change the people wanted is an orderly and progressive one, not just any kind, and that they were going to get it and are getting it.

Did he plan, in view of Tuesday's results, to reappraise his legislative program?

No, Eisenhower said, his problem is to devise a program that meets the composite convictions of those associated with him and that is for the general welfare of the United States. Some vicissitudes of politics here and there, he added, would have no effect on it whatever.

Gov. Johnston Murray of Oklahoma, a Democrat and newly elected chairman of the Southern Governors' Conference, said if the Republicans discount Tuesday's ballot results, they will be fooling themselves. In an interview at Hot Springs, Va., where the Dixie governors wound up their annual meeting yesterday, Murray said:

"The elections demonstrated

18 Parcels To Be Taken For Project

Clearing, Other Work to Cost Approximately $550,000, Engineers Estimate

At a meeting of the New York State Bridge Authority, and engineers, Wednesday, it was decided to proceed with construction of the east approach to the Kingston-Rhinecliff bridge, according to James F. Loughran, chairman of the authority.

It was also the decision of the meeting, held at Catskill, to authorize the state to take possession of the necessary land on the east side of the Hudson river, involving 18 Parcels, Chairman Loughran said.

The project involving clearing, draining and grading 1.4 miles for the approach will cost approximately $550,000, according to engineering estimates.

A resolution was passed authorizing the state superintendent of public works to advertise for bids for draining and grading the land from Route 9G to the east abutment of the bridge.

Belongs to Two

Most of the land to be taken for the bridge approach belongs to the estates of Lewis S. Chanler and Leila B. Delano, according to records of the Bridge Authority, which will pay for construction of a substitute town highway to be used while project operation closes off Lemon Lane, a traffic artery joining 9G.

Yesterday's action indicates that work on the bridge will progress to the extent that there should be a lot of activity by spring to speed construction of the Kingston-Rhinecliff link across the Hudson. The road for the west approach in the vicinity of Flatbush on this side of the river has been cleared by bulldozers and work crews, and is ready for further operations of a more detailed nature.

Present at Session

Attending yesterday's meeting with Chairman Loughran were other members of the New York State Bridge Authority, Dr. John L. Edwards of Hudson, Robert Hoe, Poughkeepsie, Neal Brandow of Coxsackie and Harry Cohen of Newburgh.

Also in attendance were W. K. Hagginbothom, executive officer of the authority, Dr. D. B. Steinman, consulting engineer, and his representative engineer Walter A. Joyce.

Attorney Lewis A. Delafield of the law firm of Hawkins, Delafield and Wood, Wall street, New York, was present as attorney for the bridge authority to advise on legal matters.

Ballots Counted At BPW Barn, Go To Elections Board

Finding Is 25 Liberal Party Votes Counted; Absentee Check Is Made

Representatives of both major political parties counted absentee ballots this morning.

At the Board of Public Works barn on Hasbrouck avenue, Seymour Werbalowsky of the Board of Elections opened the locked ballot boxes from all but two districts and counted the ballots. Looking on were Thomas J. Plunket, Joseph Epstein, Raymond Whitbeck, City Clerk Bernhardt S. Kramer, and Detective Frank Sammons.

A total of 82 ballots were counted, with 41 votes each for Frederick H. Stang, Republican candidate for mayor, and Gerald FitzGerald, his Democratic opponent.

After tallying the votes there, the group left for the Board of Elections office at John and Crown streets to count the ballots from the two remaining districts—one in the second ward and one in the fourth ward.

A re-check of the absentee ballots this morning came after Plunket, refusing to concede the election to Stang, had charged that the official tally did not include 115 ballots and 17 soldier votes. He demanded that the Board of Elections produce the absentee ballots today, or he would ask the Attorney General to investigate the election.

Liberal Votes Tallied

At the Board of Election office a check was made to learn whether 25 Liberal votes cast for Gerald FitzGerald had been included in the count of the Ninth ward on election night and reported in the figures which were compiled that evening.

The 25 Liberal votes had not

Dewey Demand on Wicks Hits Reapportionment

Brothman Refuses, McCarthy Reports

Port Jervis Worker Balks at Telling Red Links or Not at Hearing

ABRAHAM BROTHMAN

New York, Nov. 5 (AP)—Sen. Joseph R. McCarthy (R-Wis.) says Abraham Brothman, who served a prison term in connection with the Rosenberg spy case, has refused to tell Senate probers whether he is a Communist.

Brothman, employed by the Techni Flex Co., Port Jervis appeared twice yesterday at closed hearings of McCarthy's Senate Permanent Investigations Subcommittee.

McCarthy said the plant works on defense contracts involving radar, and that a witness said Brothman had "free run of the plant."

The president of Techni Flex, Norman Gaboriault, also a subcommittee witness yesterday, told newsmen his firm is not engaged in radar or "classified" work.

Uncooperative Witness

McCarthy termed Brothman "an uncooperative witness who

Upstate Senators Are Balking at Giving Okay to Lines in Sections

New York, Nov. 5 (AP)—The New York Times said today Gov. Thomas E. Dewey's demand that Sen. Arthur H. Wicks step down as state Senate majority leader appears to have jeopardized passage of a reapportionment act.

The newspaper said some upstate senators were balking at ratifying new district lines that might result in their own displacement and upset long established alliances between Republican county organizations within Senate districts.

"Sen. Wicks, because of his personal influence and the claims he has for legislative favors rendered in the past, is regarded as able to avert any such revolt," the Times said.

Shows No Eagerness

But it declared "he is showing no eagerness to come to the assistance of Gov. Dewey and the Republican state organization while they insist he should retire from his leadership post" because of his prison visits to labor extortionist Joseph S. Fay.

Both the question of the Kingston senator's resignation as majority leader and enactment of a reapportionment bill are on the agenda for a special session of the Legislature Nov. 17.

"Reapportionment of the state Senate and Assembly districts is eagerly desired by the Republicans to insure retention of control of both Houses of the Legislature if the Democrats win next year's state election," the Times said.

Have Fair Chance

"As the Senate and Assembly lines are now drawn, the Democrats, if they elect a governor, have a fair chance of winning the control of the Senate, but not of the Assembly, unless there is a landslide."

The reapportionment bill, not yet made public, is understood to provide for increasing the number of Senate districts from the present 56 to 58.

The newspaper said one new district would be assigned to Nassau county, which has had a large population increase, and the other to Onondaga county in recognition of the growth of Syracuse and its suburbs.

Would Shift Assembly

The number of Assembly districts would remain at the constitutional limit of 150, but a number would be shifted from one county to another in line with population shifts.

The Times said further:

"Typical of the changes causing upstate dissatisfaction is the proposal to detach Washington county from the 38the Senate District and to link it with Rensselaer county in the 36th District.

"The 38th District now consists of Washington, Warren, Essex and Clinton counties. By forming an alliance with any one of the other counties, Washington is able to dominate the district, but in the new district it would be completely under the domination of Rensselaer, which has a population of 131,000 to Washington's 47,000."

A number of key counties in other Senate districts are reported similarly affected, the Times said.

Dewey's Not King, Suffern Trustee Tells Thruway Unit

Suffern, Nov. 5 (AP) — Two armed policemen stood guard over this village's three reserve water wells today against any possible new attempt by the state to cover them up for a new highway.

Village police, reviving memories of frontier era fights over water rights, yesterday drove away a vanguard of thruway workmen.

"We can get more men down to the well area in a hurry," said Police Chief J. A. Vilord, "but I don't think it will be necessary."

Suffern takes great pride in its artesian wells and contends they produce "the best drinking water in the world."

Officials of the State Thruway Authority indicated they intend to resort to diplomatic rather than frontal tactics to get on with the job of building the super road from Buffalo to New York.

Dean Suggests Committees Study Issues With Reds

Communists Promptly Say 'No', but Announce They Will Think It Over

Panmunjom, Nov. 5 (AP)—U. S. Envoy Arthur Dean suggested today that top allied and Communist diplomats abandon temporarily efforts to arrange a Korean peace conference and turn over to subcommittees disputes which have stalled the preliminary talks.

The Communists promptly said "no", then agreed to think about it overnight. They promised an answer at 11 a. m. tomorrow (9 p. m. today EST).

Dean, noting the high level negotiators have got nowhere, told newsmen he felt staff advisers could have a "freer exchange of ideas." They presumably would meet in closed sessions.

Dean said the top delegates now "sit like bumps on a log" and have "no give and take" in their deliberations.

Might Divide

The envoy also said the lower-level negotiators might divide up with one group debating the time and place for the conference and

28 Civilians Are Accused of Thefts From Army Depot

Share-Wealth Plan Cited at Voorheesville by FBI; 27 Are Arraigned

Albany, Nov. 5 (AP)—The FBI said today that 28 civilian employes had been accused of "share-the-wealth" thefts of $7,803 worth of government property from the U. S. Army depot at Schenectady and sub-depot at Voorheesville.

Twenty-seven were arrested today, the FBI said, but the 28th was not taken into custody because he is confined to a hospital in Schenectady. He will be arrested later, the FBI added.

All 28 were accused of theft of U. S. Government property.

D. K. Brown, special agent in charge of the Albany FBI office, said the investigation revealed a share-the-wealth plan. As he outlined it, employes with access to tools, wearing apparel or other desirable items would set them aside and tell their friends where the property was. Then the friends would pick up the material later, Brown explained.

Supplies Are Stored

Sixteen persons employed at the army depot in Schenectady and 11 employed at the nearby Voorheesville sub-depot were arrested. Both posts are storehouses for general army supplies.

The 27 were arraigned today before U. S. Commissioner Charles E. Palmer in Schenectady, who sent them all to Schenectady county jail. Bail was set at $1,000 each in three cases and $500 each in the remainder.

Brown said the investigators had recovered $5,430 worth of government property and that items valued at $591 were returned by unknown persons as a result of the investigation.

Third Assembly Will Open; Economic Security Topic

Harriman, Nov. 5 (AP) — The Third American Assembly opens at Arden House today to discuss all phases of economic problems affecting the average American.

The theme of the four-day Assembly, a non-partisan conference and research group, is "economic security for America"—based on a report compiled by leading economist and other experts representing business, farm, labor, political and professional groups.

The Assembly was founded in 1950 by President Eisenhower while he was president of Columbia University.

The 65 delegates representing various interests will consider such questions as: What have we paid for our attempts to make life more secure? Are the plans working? Can we do better?

Some advance data about economic security in this country deals with farmers, inflation, social security and pension plans.

Herrell DeGraff, Cornell University economist, reports that farmers are "more potentially vulnerable to economic collapse now than they were in the 1930's."

DeGraff says: "Farm operating costs have increased so much * * * that in a time of adversity farmers can go broke much more quickly than ever before."

And what affects the farmers, the report says, consequently involves the rest of the country.

Another analysis concludes that saving enough money to give you an adequate income in your old age is virtually impossible.

H. W. Steinhaus, research specialist for the Equitable Life Assurance Society, says:

"There are now 13,200,000 persons over 65 years of age. If these aged had somehow managed to buy all the corporations in the United States, the total dividend payments of slightly over nine billion dollars in each of the last three years would have paid to each of them only $690 a year."

Frederick Lewis Allen, magazine editor and author of books on social conditions, writes in the report:

"Social Security may pay for the soup course in old age, and an industrial pension added to it may cover the vegetables, but we better do our own saving if we want any meat."

Deflation (increasing value of the dollar) hurts more people economically than inflation (lowering the value of the dollar), the report states—adding that the opposite is true of persons living on pensions, old-age annuities or other fixed forms of income.

The report presents evidence purporting to show that the various current systems for economic security "are a hodgepodge," with basic coverage often depending on the area in which the worker lives or the type of job he holds.

The Assembly round table discussions will culminate on the final meeting day with presentation of a composite Assembly report.

Arden House was a gift to Columbia from Averell Harriman, former Mutual Security administrator, who will attend sessions as a delegate.

Firm to Test Oil and Gas Possibilities Near Phoenicia

The possibility of a new gas and oil field in southern New York State is disclosed by Dome Gas & Oil Corp. who announce plans to drill a series of deep test wells on a 9,000 acre lease in Ulster county, a press release discloses. This wildcat test to the Oriskany sand at about 5,500 feet is on a promising closed, domed structure known locally as the Panther Mountain "Rosette" near the village of Phoenicia.

The release says, "While New York state has long been a producer of oil and gas farther to the west in the famous Appalachian oil fields in Allegany, Cattaraugus and Steuben counties, this will be the first test of the oil and gas sands in Ulster county. Considerable interest in the region is indicated by the fact that New York state has just issued a bulletin which states 'Exploration * * * especially in Sullivan, Ulster and Delaware counties is recommended.'

"Dome Gas & Oil Corp., was fortunate in having a series of detailed geological reports on their leases from Dr. George H. Chadwick, consulting oil geologist and outstanding authority on the geology of the Catskill region, and formerly geologist for the New York State Museum. These reports from such an eminent authority were so encouraging that the directors of Dome Gas & Oil Corp. feel confident that this prospect fully merits testing.

"A few of the conclusions in Dr. Chadwick's reports will show the basis for this confidence:

" '. . . wider investigations found what I can only interpret as involvement of the entire circle of Panther in the belt of outward dips, consequently in the domed structure, and the making of a respectable gas and/or oil field for drilling.

" 'These newly found features open to producers a larger field of interest and justify thorough

Kills Five Persons

Thy le Chateau, Belgium, Nov. 5 (AP)—Camille Van Laetham, 52, killed five of his neighbors because he believed them responsible for cutting his invalid's pension police said today. Then he fled to a barn and took his own life. A sixth victim escaped death but was taken to a hospital in grave condition. Van Laetham shot three men and slashed the throats of three women, including the seriously wounded victim.

Late Bulletin

Thomas J. Plunket, chairman of the Ulster County Democratic Committee, said at 1:45 p. m. today, "I have just talked to Gerald E. FitzGerald and he has authorized me to concede that Fred Stang has been duly elected as mayor of Kingston and that there will not be any legal proceedings brought by the Democratic party in connection with the election."

Plunket said his count this morning showed that Stang won the election by 48 votes, three less than the 51 announced election night.

Water Tapping Begins Monday for New York

New York, Nov. 5 (AP)—With the current city water supply down to 49.4 per cent of capacity of the reservoirs, Commissioner Dominick F. Paduano said yesterday that tapping of Long Island sources to augment Catskill and Croton water will start Monday.

The commissioner said he was still "not alarmed" at the low level in the watersheds which were 72.1 per cent filled a year ago this time.

The reservoirs received "very little good" from recent rains, the commissioner said.

Long Island streams and wells, he estimated, will bolster the city's supply by a daily yield of 70 million gallons.

Saugerties

Saugerties, Nov. 4 — A spot check of all youth agencies and police confirmed the fact that Saturday was a quiet Halloween in the town and village. Aside from some minor pranks in scattered areas nothing of any great consequence took place. This can possibly be credited to the extra vigilance taken by police authorities and also some credit should be given to organizations which kept the youngsters busy with parties, contests, and the doubleheader football game held at Cantine Memorial Field.

Will Meet Thursday

Saugerties, Nov. 4 — District Chairman John Wood announced that there would be a district Scout meeting Thursday at 7:45 p. m. at the meeting rooms of Atonement Lutheran Church.

Scouts to Miss Game

Saugerties, Nov. 4 — An announcement from District Scout Commissioner William Plimley said that the usual trip of the Saugerties District Boy Scouts to West Point to see Army play North Carolina State has been canceled. Tickets were unavailable for this game and arrangements will be made to substitute another game or some other activity to replace this project.

Meets Again Friday

Saugerties, Nov. 4 — The Cub Scouter training course that has been in progress at the St. Johns Hall, Albany avenue, Kingston, will be held again Friday, Nov. 6. Last Friday's training session had been canceled and both sessions will be held Friday at 7:45 p. m. All Saugerties District scouters interested in Cub Scouting are urged to attend.

Services Are Held

Saugerties, Nov. 4—The Rev. Henry M. Schumann, pastor of St. Paul's Ev. Lutheran Church of West Camp conducted services for Mrs. Margaret Gueren which were held at her late home on Ulster avenue. The services were largely attended by her many friends and relatives. Bearers were Henry Montano, Louis Montano, Joseph La Houd, Willett Baldwin, John Whitaker and George Law.

Village Notes

Charles Miller returned home from Benedictine Hospital Monday. He will stay at the Romings while recuperating.

George Fisher, Walt Levy and Al Sperl returned from a hunting trip last weekend at Stamford.

A Saugerties contingent of the VFW Auxiliary attended the Veterans of Foreign Wars Hudson County Council meeting at the VFW Post home in Kingston. Those who attended were Mrs. Ruth Prendergast, Miss Marie McCutcheon, Mrs. John E. Drewes, Mrs. Leroy Lewis, Mrs. Leo Minkler, Miss Hannah Lewis and Mrs. Charles Arnold.

Aex Resigns His Post As Newburgh Manager

Newburgh, Nov. 5 (AP)—City Manager Robert P. Aex resigned yesterday. He had announced weeks ago that he was considering several other offers, but gave no indication of what his next post would be.

He was city comptroller in Rochester before coming here as city manager two years ago.

His resignation came within 24 hours after Tuesday's elections reduced his support in the five-member city council.

Republicans retained control in the election, but the number of councilmen favorable to Aex was reduced from four to three.

Marshall Improves

Washington, Nov. 5 (AP) — Gen. George C. Marshall, stricken with an inflamed lung after influenza, continues in good condition at Walter Reed Army Medical Center. "Another good day" was the hospital's summation of the 72-year-old soldier-statesman's response to treatment yesterday. Marshall, winner of the 1953 Nobel peace prize, has been at Walter Reed since Sunday.

The drum is perhaps the oldest musical instrument, according to the Encyclopedia Britannica.

EISENHOWER AND POLITICS

A little while back, President Eisenhower told newsmen he wasn't going to get into the thick of next year's political campaign.

He said he wanted to avoid using the presidency as an agency in elections, and to stay out of partisan struggles in particular districts or states.

A New York Times reporter later that same day elicited from the White House staff the statement that this probably did not mean the President would not speak generally for the Republican ticket. I meant only that he would not risk his personal prestige in backing specific candidates.

This "modification," however, was not widely broadcast. GOP politicians took alarm at the word their popular President would not hit the road to help re-elect them.

So, a week later, Mr. Eisenhower was compelled to say to another news conference something that roughly resembled what the Times reporter had learned earlier.

He made plain he still had no intention of stumping the country through a wide range of districts. But he indicated that he might very likely do some campaign touring.

In the course of that effort, he said he would be willing to help individual candidates to the extent of posing with them for pictures. It is the custom of politicians, naturally, to offer such photographs as evidence of open endorsement.

Yet he stressed that in his view this was not the way he could be of best aid in the re-election of another Republican Congress.

What he wants to do, he said, is to develop and see enacted a program so dynamic, so forward-looking, so adapted to the country's needs that every candidate running under the umbrella of that program would have a substantial edge on his rival.

To achieve that end, Mr. Eisenhower thinks he should keep at his job as much as possible, going out to the country only enough to explain and extol the program to the voters.

The President has a very high conception of his office as belonging to all the people regardless of party. He may also understand that he could do his own party more harm than good by becoming too deeply embroiled in the grubby chores of partisan politicking.

Yet what he now proposes to do in 1954 may in fact be impossible to hold to. For as time passes and the pressures mount, Mr. Eisenhower will come to realize that politicians regard a President of their party as their servant, and indeed perhaps their savior. And he will be hard put to resist their demands for help.

FEEBLE GESTURE

Argentine dictator Juan Peron has announced the end of a ban he imposed on some American newspapers and magazines which have been critical of his regime. It is always pleasant to see steps taken toward greater freedom of the press in any country but Americans may be excused if they are a bit cynical about the sincerity of Peron's move. How long will the ban be lifted? Is Peron seeking an American favor such as a loan? Will the magazines and newspapers be banned again the first time they venture to tell the truth about Peron?

At best one can only make slight gains when dealing with dictators. Concessions made by men with absolute power are made at their discretion and can be withdrawn whenever the whim strikes.

Peron's gesture falls far short of convincing anyone that freedom of the press is possible in Argentina. Not until all controls are removed, not until all dissenting voices can be heard, not until honest newspapers like La Prensa can be printed again in Argentina, will freedom of press in Peron's country be anything except a memory.

The Communists are singing the praises of an East German woman who has pledged herself to exceed her quota as a weaver by 131 yards. The story sounds like most Communist yarns—something made up out of whole cloth.

'These Days'

By GEORGE SOKOLSKY

DO YOU BATHE?

I came across a questionnaire given to parents in Rahway, New Jersey, for them to fill out so that the school might more intelligently plan its course of study. Myself, I generally throw such questionnaires away because the school authorities cannot need to know how often I bathe before they can decide whether to teach my child algebra or Latin or maybe how to play the electric guitar.

They want to know whether the family owns a radio or television or does the child have a room to itself for study. They do not ask whether the child tries to accumulate information while the radio blares forth the many parodies on "Dragnet," or while "The Shadow" scares the daylights out of adults. The children seem never to be frightened by anything over the radio.

I have never been able to understand how the children can remember what they study to the accompaniment of the radio, but it has been explained to me by my infants that times have changed and that I am very old. That is why I cannot read Suetonius while listening to "Gang Busters."

So the questionnaire goes on to ask the parent what language he speaks besides English, which may be important if the school really wants to teach English as a beautiful language, capable of precise expression. In that respect, times have, indeed, changed. My own experience is that I came from a multi-lingual home in which English was a second language, rarely spoken by the adults, but somehow most of us managed to get good marks in English while not altogether forgetting other tongues.

Then we go down to this question: "Do you study to improve your present income?" Maybe this is designed to discover whether the child has a nervous parent. Perhaps one day a Ph.D. will do a research on which months of the year produce the most nervous parents. Probably March will show up as the worst month and March 15 as the very worst day of the very worst month.

I know that I get the jitters along the beginning of March. It is during March that it is dangerous for my children to ask me whether it is true that Toscanini likes jazz and whether Stalin was shorter than Tom Dewey.

Perhaps another reason for this question is to determine whether the parent is one of those old-fashioned Americans who suffers from the ancient ambition of trying to improve his lot by hard work. Such parents are behind the times. The modern man takes seniority as a guiding rule and hopes that if anything goes wrong, the Government will come to his rescue with a subsidy. Also, there are pensions. Why push out of line and embarrass the neighbors?

One of the most astonishing questions asked of these Rahway parents is "How many bathrooms in your home?" They do not ask whether they are used often. Nor do they ask whether the bath towels match the tiles or is there a two-tone effect.

Why would they want to know about the bathrooms? And how can it assist in formulating a course of study for the child, unless he is to become a tenor who sings in his bath. Or maybe whoever drew up the questionnaire is of an ancient vintage, remembering that the old outhouse was a sort of library in which the Sears Roebuck catalogue was kept to improve one's English. Today, youth prefers Kinsey's report on how wicked the parents are, most of whom, particularly the mothers, ought to be in jail anyhow.

I am terribly puzzled by that bathroom question because I cannot discover its relationship to home economics. But a guide to it is the very last question, No. 25, which wants to know whether you own an automobile, what year, and how many. The purpose of all these questions is to "provide the best educational program for your children." But what has the year of your car to do with that? Suppose you own a model T Ford, does that mean that the child is a dope? Johann Sebastian Bach's father never even heard of an automobile; yet, Johann did not badly at all.

I never know why questionnaires are answered. They are probably issued because those who get them up had some time on an off day.

That Body of Yours

By JAMES W. BARTON, M.D.

TREATMENT FOR RHEUMATISM

One of the encouraging things in life is the various organizations in which the members give their time and money to help suffering humanity. On every side we see voluntary organizations to help the blind, the deaf, the crippled and other sufferers.

One such organization is the rheumatism and arthritis society with branches practically everywhere. A most valuable pamphlet, or handbook, has been produced by the Canadian Arthritis and Rheumatism Society for distribution by physicians to their patients suffering from rheumatoid arthritis or rheumatoid spondylitis (where rheumatoid process attacks the spine).

"Of all forms of rheumatism, rheumatoid is capable, if neglected, of producing the greatest crippling and disability: A disease of the body as a whole as well as of its joints, it usually affects young adults, particularly women. Gradually increasing fatigue, pain and stiffness over a period of months and years is a common pattern of its development. It may involve any or all of the patient's joints, but most usually affects fingers, wrists, elbows, knees and feet. It usually affects these joints on both sides. Not only do joints become swollen and painful, but the patient is actually ill—may run allow fever, become excessively tired, anemic and underweight."

In some cases, for some unknown reason, the patient may improve for a time so that whatever treatment is being used at the time receives the credit for the improvement. Despite all the research on rheumatism, covering hundreds of years, the underlying cause has not been found although infection, starch foods, cold and dampness and injury, are contributing causes.

Although the cause is unknown, it has been proven that an early program of controlled rest and special exercises can prevent the development of deformities and serious disabilities in the great majority of cases. This treatment of rest and exercises aims at the maintenance of joint motion and muscle strength and at the prevention of joint damage and deformities.

"As the disease progresses, structures in and around joints become thickened and shortened, with lessened motion. For every group of muscles pulling a structure in one way, there is an opposing group pulling the structure the opposite way; in health the groups balance one another, but in arthritis there is imbalance which gradually bends fingers, arms, legs and even the spine making it difficult to keep full motion in a joint. However, much can be accomplished by rest and exercise."

The amount of rest needed by joint and body is best prescribed by the physician; all joints should be kept straight during rest. Patients must avoid sitting or lying in a curled, bent, or propped-up position. A bedboard running the full length and width of the bed should be placed between the mattress and the springs. Heat in any form, for 20 minutes, produces relief by reducing muscle spasm, immediately after which it is possible to move the joint more freely. Every affected joint should be moved through its full range of motion if at all possible.

A visiting physiotherapist obtains relief for a patient in less time.

What Is the Wild Wind Saying?

Edson's Washington News Notebook

Washington, (NEA)—In all the hullabaloo over farm prices, one fact now overlooked is that Congress and no one else is going to write whatever new farm program is adopted. Congress being out of town now, all the heat is being put on President Eisenhower and Secretary of Agriculture Ezra Taft Benson.

These two officials seem to be counting heavily on their still semisecret Agricultural Advisory Commission to produce a magic farm formula to solve everything. This group, under Dean W. I. Myers of Cornell, has been conducting a strictly star-chamber operation. It has held no public hearings.

Whatever farm program this group of 16—soon to be 18—prominent and prosperous farmers, farm-produce processors and educators comes up with will be its own, new-approach idea. Not even the farm organizations are officially represented on the commission. It is doubtful if any government planning body in recent years has tried to develop a program with such remote public contacts.

By contrast, the House Agricultural Committee under Chairman Clifford R. Hope of Kansas will soon be on the last lap of a congressional-recess investigation taking it to every section of the country. Here is the real, political grass-roots approach.

Whatever these congressmen decide the farm program should or should not be is more than likely what will be adopted, even if it reverses some of the best ideas of Secretary Benson and the AAC.

No New Program

One other important point not clearly understood is that Congress doesn't have to write any new farm program if it doesn't want to, or if it gets involved in a farm-politics fight and does nothing. The only farm legislation that expires at the end of 1954 is the mandatory requirement that prices on the six basic crops must be supported at 90 per cent of parity. These crops are wheat, corn, cotton, rice, peanuts and tobacco.

When this provision dies, the original Hope-Aiken farm law will again come automatically into effect. It provides for a sliding scale that permits the Secretary of Agriculture to set support prices between 75 and 90 per cent of parity, at whatever level he thinks best to promote or discourage production. This is the American Farm Bureau Federation-endorsed program.

It now includes mandatory supports of 75 to 90 per cent on dairy products and 60 to 90 per cent on wool and mohair, which is goat hair. In addition, 60 to 90 per cent supports are authorized on tung nuts, honey and potatoes, but this provision was nullified by saying that prices could not be supported unless marketing quotas were put into effect. Congress then failed to authorize the marketing quotas.

The Secretary of Agriculture is also authorized, at his own discretion, to support prices of other crops like the small grains, soybeans and grain sorghum. Thus far in his administration Secretary Benson has kept 90 per cent supports on oats, rye, barley, grain sorghum and dairy products. He has reduced supports from 90 to 75 per cent of parity on cotton seed and from 80 to 70 per cent on flax seed.

Both Showed Courage

The point to keep in mind here is that if Congress passes no new farm legislation next year, a flexible price support program such as this will remain in effect, with further reductions in support levels on surplus crops exceedingly likely.

As President Eisenhower told his press conference, the easy way out is to guarantee everything for everybody who requests special treatment. American farmers are traditionally the loudest complainers in the country. If prices suit them, the weather doesn't, or credit conditions and insect pests are bad.

Farm organizations can yell twice as loud as the organized-labor groups—and get more attention from politicians. This in spite of the fact that the organized-labor groups represent 16 million member votes while the farm organizations can speak for only six million families, because that's all the farms there are.

It takes political guts of a high order to stand up against this farm lobby and say no, you can't have everything guaranteed. The President and Secretary Benson have shown this courage and refused to be stampeded. In this process they have probably discovered that solving the farm problem isn't as easy as it looked when they were making political promises in the election campaign that ended just about a year ago.

Twenty and Ten Years Ago

Nov. 5, 1933—George Stone, 43, of Walden, was shot by a New York city man in a hunting accident at East Branch.

Three inches of snow was reported in sections of the Catskills.

Russell Howard and Miss Mary Murphy were married.

Miss Janet A. Rich, of Hasbrouck avenue, and Edwin H. Sammons, of Brewster street, were married.

James VanVliet, of Wawarsing, died.

Nov. 5, 1943—C. C. DuMond, of Ulster Park, state agricultural commissioner, said farmers of the state would be forced to destroy some dairy animals and poultry because of a feed shortage.

The Common Council authorized a $50,000 bond issue to continue work on the Roosevelt Park sewer project.

Local Boy Scouts were assisting with the paper salvaging drive.

John Yerkins, 87, died at his Wawarsing home.

Adolph Bollin, 77, died in Napanoch.

Allaben

Allaben, Nov. 4—The Free Methodist Church of Allaben is joining with other Protestant Churches of the denomination in observing Mission Sunday, Nov. 8. Special services will be conducted on the general theme of alerting Men for World Missions, according to the pastor, the Rev. Van M. Herscher. This marks the 23rd year that the Layman's Missionary movement has sponsored men and missions. The General Missionary Board of the Free Methodist Church, which promotes the day, reports 38 missionaries sailing this year. A total of 250,000 treatments were given in the denomination's hospitals and dispensaries on foreign fields during the year. Dr. Byron Lawson, general missionary secretary, announces that India has shown a marked progress. That mission experienced a net gain in membership equal to its total membership at the end of 63 years of missionary activity—or 125 per cent increase since 1951. The local church invites the public to the worship service at 11 a. m. and the evening service at 7:30 o'clock Sunday.

Mrs. Alfred Peck of Kingston visited friends and relatives Tuesday night.

Mr. and Mrs. Alfred Spinosa returned to their home in Brooklyn Tuesday.

Mrs. L. G. Peck and daughters, Cheryl and Katherine of Shandaken, spent Monday night at the home of Mrs. Thomas W. Meredith.

Miss Eva Sweet and Herman Quick were united in marriage by the Rev. Van M. Herscher Saturday night.

Michael Barrett of Woodside, L. I., is a visitor in the area.

Funeral services for George H. Gulnick, Sr., who died at his home Sunday, were held at the Shandaken Rural Cemetery Wednesday.

Tuesday's Election Pattern Is Viewed as Local, Not National; Some See 'Trends'

By DAVID LAWRENCE

Washington, Nov. 5—There was a pattern in Tuesday's election but it was local—not national.

The American people voted as they always have before—against corruption and candidacies tainted with a party record of improper conduct or maladministration and against extravagance in the handling of public funds. They even voted against those who made "McCarthyism" the issue in the heart of New York city.

But the wishful thinkers will see national trends. Maybe the Democrats will gain in the 1954 elections, but there isn't the slightest evidence on the basis of Tuesday's elections to warrant any such inference. For example, here are the most important election developments and some questions they raise:

1. New Dealism was defeated in Virginia when tens of thousands of Democrats who supported Stevenson last year voted the Republican ticket for governor this time in an effort to defeat Senator Byrd's candidate for governor. Is Byrd's victory and the repudiation of New Deal policies a national trend?

2. The Republican organization in Philadelphia — driven from power two years ago for the first time in 70 years, as a "Liberal" Democrat was elected mayor—came back this week by defeating Mayor Clark, one of the outstanding supporters of Governor Stevenson in 1952. Is this a trend?

3. A Republican candidate for governor in New Jersey who accepted the support of the former Democratic machine boss and who wrote a letter asking a parole for a labor leader convicted of extortion was defeated. The Republican party retained control of the legislature. Scandals in the State House under Republican rule, showing a tie-up with gangster elements, and charges of "hot money" finding its way into Republican organization coffers, have made the headlines for months. Is this a trend?

4. Tammany Hall, long known as one of the most corrupt political organizations in America, elected a mayor of New York city on the Democratic ticket. The vote was split three ways, and the victor got about 50 per cent of the total. Is this return to the rule of a political machine a trend?

5. The Republican organization of Cook county—in and around Chicago—won seven out of thirteen judicial contests in an upset where Democratic rule usually prevails. This was an unexpected show of strength for the Republicans. Is this a trend?

6. A Democrat was elected to Congress in the Sixth District of New Jersey in a special election wherein the Republican nominee was not endorsed by his Republican predecessor and the leading Republican newspaper in the area refused to endorse the Republican candidate. The party was split over rule by a Republican boss. The supporters of the New Deal Republican who had held the office switched in large numbers to the Democratic candidate who pledged himself to support his predecessor's policies and won by a narrow margin. Is this a trend?

7. A Republican mayor was defeated by a Democrat by a close vote in Columbus, Ohio, on charges that he had been extravagant, but all Republican councilmen were elected. Is this a trend?

8. A Republican who was elected mayor of Little Rock, Arkansas, two years ago, thus overturning an unbroken Democratic record of 60 years, was re-elected by an ever bigger majority this time. Is this a trend?

9. The Republicans won 25 mayoralty races in New York state—a net gain of two mayors over previous elections—and both houses of the Legislature remained in Republican control by the same margin as before. Is this a trend?

10. Robert Morris, chief counsel for the Senate Internal Security Committee, who has won praise from all fair-minded persons for his objective handling of witnesses, was elected municipal judge on the Republican ticket despite desperate efforts by the National Lawyers Guild and other "Pinks" in New York to defeat him. He was the only Republican elected on the judicial slate in New York city. Is this a trend?

This correspondent voted the straight Democratic ticket for state offices in Virginia because he felt the Republican candidate favored New Deal spending and extravagance and were being supported by the Stevenson Democrats on a New Deal platform. Does this mean the writer is "trending" to the New Deal because of a vote for a Democrat in the gubernatorial race?

Again—in the recent Wisconsin election—a Democrat was elected to the House of Representatives who pledged himself to support the record of a Republican "isolationist," with votes against the Marshall Plan and measures of that kind. Is this a trend in the Democratic Party and is former President Truman now happy to welcome "isolationists" to his political bosom?

The upshot of it all is that locally party labels aren't what they used to be and that ideological points of view are being exhibited in both parties. The late President Roosevelt always considered congressional elections in the off-years to be "local." In 1942, when the Republicans won 209 seats in the House of Representatives and the Democrats only 222 as compared with the peak of 333 in 1936, Mr. Roosevelt insisted that it was an election based on local issues and personalities and didn't signify a "trend." He was right. For in 1944 the Democrats went back up to 24 seats in the House and won the presidency, too.

So trends aren't trends except with the wishful thinkers in both parties, and anybody who can detect a mandate this week in the municipal and state elections and in one congressional district discovering something which most of the Republican and Democratic leaders privately will not admit—though their publicity concedes or claims lots of things for reason of future strategy.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Danbury, Conn., Nov. 4—Dr. Clarence Manion, a noted authority on the meaning of our constitution and the sovereignty of the states, is wasting his time in the current study of the relationship between the federal and state governments. True, he will improve his mind but he already knows enough about the realities to justify a conviction that the rights and responsibilities which the states yielded to the federal government, mostly under Roosevelt, never will be returned to them. As far as important remedial changes are concerned, the work of the commission on intergovernmental relations will be futile.

The basic reason why the corruption of our fine form of government cannot be cured is contained in the income tax, the estate tax, Social Security and the Labor Relations Act and board. (By corruption I mean decay, not mere graft).

The federal government now confiscates so much of the wealth of most of the people and industry that the states are dependents, unaccustomed to the old relationship. Very few of the people, including editors and even administrators of the several "relief" functions within the states, have a good working knowledge of the numerous and constantly changing bureaus and of their jurisdictions. All this is a complicated subject which will require serious study even by the Commission on Inter-Government Relations.

The tangle has grown like brambles on untended fields so that now countless bureaucrats not only in Washington but scattered through all the states are safe in their parasitic jobs, having been "covered into" civil service. I once suggested that all persons on any public payroll be required to wear a uniform cap or lapel tab, subject to punishment for failure to display this sign in public on duty or off. Thus the taxpayers could acquire an understanding of the enormous burden that they must bear to support them. The members of certain bureaus in England up to 1918 wore such identifications and the Germans under the Kaiser identified even more of their public help.

The result would be a shock to our taxpayers and for that reason, alone, my proposal will never be adopted. The bureaucracy doesn't intend that the people shall be moved to rid themselves of much of the burden. I suppose this would compel even Bob Moses to wear a mail-carrier's cap or colored piping on his pants and I would bid something for the movie rights, with sound, to his reaction. But if we start making exceptions the scheme comes undone.

These tax-eaters in their millions are, generally speaking, much better off than the taxpayers who have to support them because they are covered by pension systems far more generous than the niggardly and largely mythical old age pensions of Social Security. A bureaucrat who has spent a long time in an ascending scale of jobs told me not long ago that he would like to get started with a law practice but had to kill time for a couple of years more to qualify for his pension. I imagine he will get about $7,500 a year.

I have received a letter from a California man stating that Earl Warren, now our chief justice, is entitled to a state pension of $16,000. I seldom use unverified information but I do know that the California pensions for state officials are unusually generous and there is no reason why Warren should decline his. Generally, these pensions are granted notwithstanding the fact that many bureaucrats take other jobs after retirement. But the old age pensions of social security are denied or stopped if the client earns money by work. This expresses the arrogance of the members of Congress who themselves accumulate pension rights. They are better than the "people." We have able-bodied policemen and others drawing pensions for imaginary disabilities from the Veterans Ad-

Weekly Food Review

(By The Associated Press)

Beef prices turned lower in many food stores this week. Eggs, chickens and pork also offered attractive bargains.

Lamb, which had long headed the list of bargain specials, moved higher in most cities. A check of supermarket prices showed roast leg of lamb up two cents a pound in Pittsburgh, six cents in Boston and eight cents in New York.

Center cut pork chops were offered by one nationwide food chain at prices which ranged as much as 10 cents a pound under last week's levels. Chickens for frying and broiling were down two to five cents a pound; eggs down as much as six cents a dozen. Butter was a little higher.

Are Priced Lower

Beef fanciers found sirloin steaks and beef rib roasts priced two to four cents lower than last week in many parts of the country. Pot roast, chuck and ground beef were among heavily promoted specials for the coming weekend.

On the produce counter, best buys of the week included apples, Tokay grapes, radishes, spinach, cabbage, potatoes and onions. Grapefruit was the standout buy among the citrus fruits; California oranges were a little lower in price. Floridas a little higher.

The season's first tangerines from Florida arrived at big city markets this week and as usual they commanded high prices. If the traditional pattern is followed, the price will drop sharply in the next few weeks as tangerines become more plentiful.

Cranberries Plentiful

Fresh cranberries are plentiful and reasonably priced, according to market sources, and there should be more than enough for Thanksgiving Day feasting.

The lowly onion is featured by the Department of Agriculture as one of its "food headliners" this week. The current U. S. onion crop is one of the biggest on record—50 million sacks of 50 pounds each as compared to 39 million sacks last year. Look for onions that are bright, clean, hard; well-shaped and dry-skinned, the department advises, and serve them creamed, scalloped, raw-fried, baked or stuffed. You can use them for seasoning practically every dinner course except dessert.

Black pepper—expensive and practically impossible to come by at one time during World War 2—is now a glut on the market. Pepper which brought $1.40 a pound wholesale a month ago can now be had for 99 cents. Bumper crops in India and Borneo account for the surplus.

Prefers Physical Ability

Chicago, Nov. 5 (AP)—Anthony J. Mullaney, assistant fire commissioner, says he prefers physical ability to book learning in city firemen. "For firemen recruits, we want physical ability to rate 70 per cent, instead of 50 per cent in civil service examinations," Mullaney told a City Council committee. "You don't write notes to put out a fire. We would rather have a man with average intelligence who is physically able than a bookworm who just passes the minimum standards." The committee has been studying a report by municipal consultants dealing with the fire department.

Says Threat Was Made

New York, Nov. 5 (AP)—Herman E. Glaser, who has asked city and federal authorities to investigate milk pricing in New York, told police yesterday he received a telephone threat warning him to stop the milk probe. Glaser, counsel for the 500-member Retail Food Merchants Assn., was given a 24-hour police guard. He said a loud and tough voice on the telephone asked about the milk probe and then advised, "well, you'd better stop it or they'll be picking your body out of the gutter."

Mr. and Mrs. Floyd Van Aken and son of Sundown visited Mr. and Mrs. Homer Hornbeck and family Saturday.

Potatoes Learn to Sprout

Davis, Calif. (AP)—They're teaching the sweet potato to sprout on the Davis Campus of the University of California. Farmers have been neglecting some new varieties of sweet potatoes because they are poor sprouters, but now a team of researchers from U. of C. and the Texas Agricultural Experiment Station have developed techniques to make them sprout better with the aid of a growth hormone.

Police—Sorry, miss, but there's a law against swimming in that reservoir. That's the water supply for this district.

QT—Well, why didn't you tell me that before I got undressed?

Police—Oh, there ain't no law against that!

Overheard in the butcher shop: "I've stopped talking about how low prices used to be—it's so long ago, it dates me."

Salesman—Boy, I want to see someone around here with a little authority.

Office boy—Well, I have about as little as anyone. What is it you want?

Jack — Our fencing team lost again last night.

Bill—Ah, foiled again.

A very valuable dachshund, owned by a wealthy woman, was run over.

The policeman detailed a man to tell the woman of her misfortune.

Policeman—But break the news gently. She thinks a lot of this dog.

The man rapped on the mansion door and, when the woman appeared, he said:

Man—Sorry, lady, but part of your dog has been run over.

Eight Persons Killed in Crash

Platte City, Mo., Nov. 5 (AP)—Two automobiles collided headon on a highway near here last night killing eight young people including Dick Reinking, former college and professional football player.

Reinking, 27, and his wife, Camille, 25, were in one car. Six young men were in the other. The impact was so great the cars had to be pulled apart with chains attached to trucks.

Authorities, who blamed excessive speed for the crash, said the speedometer of the car in which the six men were riding was stuck at 83 miles per hour.

Reinking was a star left end at Southern Methodist in 1945 and 1946—during the college days of All-America Doak Walker—and was defensive signal calier on the 1947 team that tied Penn 13-13 in the 1948 Cotton Bowl game.

He played pro football with the New York Giants.

The victims, in addition to the Reinkings, were Mike Nigro, 18; Mike J. Ferrera, 20; John Floyd Tittone, 19; Dean O. Stanley, 19; Carl J. Pace, 19; and Charles Di Salvo, 29. All lived in nearby Kansas City.

Reinking was plant manager of a North Kansas City lumber concern headed by an uncle, A. C. Reinking.

False Alarm

A report at police headquarters was made at 12:31 this morning of a false alarm from the fire box at Stephan and Farrelly streets. A resident of the neighborhood told police a man and woman in a car stopped near the box previous to the alarm.

He is survived by his wife, a son, Thomas; five daughters, Mrs. Wayne Dever, Mrs. Robert Murphy and the Misses Eleanor, Joan and Patricia Duffy; a sister, Mrs. Peter J. Camp, Kingston; and three brothers, Anthony, North Bergen, N. J., and Frank and John Duffy, Kingston. The funeral will be held Monday at 9 a. m., from the Boyertown Chapel, 188th street and Webster avenue, the Bronx, and thence to St. Rita's Church, East 145th street and College avenue, where a high Mass of requiem will be offered. Burial will be in St. Mary's Cemetery, this city, upon the arrival of the automobile cortege about 2 p. m. Monday.

George C. Kirchner

Religeous services for George Christian Kirchner, 92, who died at his residence 167 Abeel street on Sunday morning were held at the Sweet and Keyser Funeral Home, 167 Tremper avenue on Wednesday at 1:30 p. m. The Rev. David C. Gaise, pastor of the Evangelical Lutheran Church of the Redeemer of which Mr. Kirchner was a charter member, officiated. The services were largely attended. A profusion of beautiful floral tributes banked the casket. On Tuesday evening a large delegation from the Rapid Hose Co. No. 1 called at the funeral home and extended sympathy to the family of its oldest member. Burial was in Montrepose Cemetery with Pastor Gaise conducting the committal service. Bearers were Arthur Vandemark, Walter Vandemark, George Pardee, Henry Krantz, Walter Albright, Benjamin Cohen.

Ellsworth D. Bishop

Ellsworth D. Bishop, 80, died suddenly Wednesday at the home of his son, George Bishop, on the Butterville road at New Paltz. A native of New York city, he was a retired painting contractor. Besides his son, George, he leaves his widow, Laura Huck Bishop; a brother, the Rev. George R. Bishop of Princeton, N. J. Funeral services will be held Saturday, Nov. 7, at 12 noon at the John Graham and Son Funeral Home, 422 Park avenue, the Bronx. Burial will be in Woodlawn Cemetery.

Committee Named To Study By-Laws Of Hospital Group

A committee to study provisions for election of certain officers of the group was named during the second meeting of the Kingston Hospital Association Wednesday night in the reception room of the Nurses' Home.

Serving on the committee will be Chester Baltz, Jr., chairman; John Schwenk, Amos Newcombe, Sherwood Davis and Abraham Streifer.

The appointment of the committee was named after Chairman Baltz read the proposed by-laws. It was explained that the corporation and association were one and the same.

However, in order to give the association more responsibility in selecting the trustees, provisions are to be made for certain officers and committees not now provided for in the corporation's by-laws.

Allan Hanstein, vice-president of the board of trustees of the hospital, stressed the need of the trustees to have the support of an active association. It was pointed out that momentous decisions must be made, both as to the building program and fund-raising.

The Rev. J. Dean Dykstra, who presided, stressed that meetings of the association are open to everyone who has contributed $5 or more during the past year. Persons who contribute $100 or more at any time become life members and also are eligible to attend.

Told to Ignore Censors

Vienna, Austria, Nov. 5 (AP)—The Austrian government has instructed Vienna's main radio station Ravag to ignore Soviet censorship in the future, a government spokesman said today. Since beginning of the occupation in 1945 the state-run radio station, located in Vienna's Soviet sector, had been forced to submit its entire program to Soviet censors before its transmission. In repeated cases the Russians curtailed the program or delayed broadcasts without explanation. The government has instructed the management of Ravag to stop submitting manuscripts to the censors of the Soviet Information Office. The Russians, thus far have not taken any steps to enforce their original instructions.

Bless Me, Not That One

Greensboro, N. C., Nov. 5 (AP)—A woman telephoned Hoyt Boone, real estate operator, to inquire about a dwelling he had advertised for sale. As Boone sung into a description of the place and explained the general location, he was interrupted by an exclamation of disappointment. "You don't mean it's that big brick home on the corner," she asked dejectedly, "the one with the ugly old white columns?" "No, ma'am," Boone replied "That house is not for sale. That's where I live."

Late Bulletin

Washington, Nov. 5 (AP)—President Eisenhower today cleared the way for construction of the St. Lawrence river power project by the state of New York and the Canadian province of Ontario.

The President signed an executive order designating the Power Authority of New York state as the United States partner in construction of the project.

The Canadian government already has designated the Hydro-electric Power Commission of Ontario as its agency.

Eisenhower also set up, under today's order, the U. S. section of the St. Lawrence river joint board of engineers. He named Secretary of the Army Stevens and the chairman of the Federal Power Commission as the American members.

About the Folks

Mrs. Herbert Kuhnel of Stone Ridge has returned to her home after being a patient at Benedictine Hospital.

Schiavone in Collision With Needes Trailer

A collision early this morning on East Chester street by-pass completely wrecked the car of Joseph W. Schiavone, 28, of 63 East Chester street, according to a police report.

Radio car patrolmen Harold Bower sand Meyer Levy reported that the mishap involved a tractor-trailer of the Needes express firm, 25 South Manor avenue, which was traveling north.

The trailer was driven by Myles Clay Guynup, 39, of Rensselaer.

The police record of the accident said the rear of the trailer was damaged and that Schiavone's car was a complete wreck.

Schiavone was removed to the Benedictine Hospital in the Schultz ambulance and was released after examination, the police said.

There were no arrests.

Quits Labor Party

New York, Nov. 5 (AP)—Vito Marcantonio has quit the American Labor Party (ALP), of which he was New York state and New York county (Manhattan) chairman. The left-wing former congressman said in resigning yesterday that because of an internal fight the ALP "is and will continue to be nothing else but a pressure group."

Ann Street Fire Damages House

A stubborn oil stove fire at 16 Ann street was quenched by men from three companies at noon today and damage was confined to the second story kitchen of the frame house owned by Max Mones, according to Chief Joseph L. Murphy.

Murphy said he learned that William Mower, who occupies the upstairs quarters with Randolph Scott and Eleanor Williams, took the reservoir off the oil stove to fill it, and while he was out the fire started.

An alarm was sent in from the call box at Chambers and Union streets, calling Central, Cornell and Rapid Hose companies.

Firemen played a stream of water on the blazing kitchen, and checked the flames from spreading through the wooden house.

Damage was reported by the chief from smoke, and he said that the apartment of Frank Landerway on the first floor was flooded from water used on the fire.

Chief Murphy said he had not completed his investigation, when he talked with a reporter, and advised that he was on his way to Kingston Hospital to talk with Randolph Scott, one of the occupants, relative to burns he reportedly suffered earlier in the week while trying to adjust the stove.

Bachelor Officers Used

Trieste, Nov. 5 (AP)—A U. S. Army spokesman said today bachelor officers are replacing married officers now stationed in the allied zone of Trieste. Under orders apparently coming from Washington, the married officers are being replaced so they can rejoin their families who were moved out of Trieste in October. Although the army did not say so, the decision could mean that American troops are going to stay much longer in the disputed zone than originally expected. Last Oct. 8 the United States and Britain announced jointly that occupying troops would be withdrawn "as soon as possible" and the zone turned over to Italian administration.

Lands at Hong Kong

Hong Kong, Nov. 5 (AP)—Vice President Richard M. Nixon landed at this British crown colony today, accompanied on the last 40 miles of his flight from Indochina by 12 Royal Air Force Vampire jets. Nixon said he was pleased with the courageous way southeast Asian nations have handled difficult problems. "Communist propaganda is being checked in southeast Asia because of determination of people and (because) governments are dealing with it," Nixon added. The vice president broke through police lines to shake hands with people lined along the airport fence.

Federal Jury Finds Policeman Guilty Of Rights Violation

New York, Nov. 5 (AP)—A federal court jury last night convicted a city policeman of violating the U. S. Civil Rights Act in a case of alleged brutality—but the judge set aside the verdict temporarily.

Judge Matthew T. Abruzzo told the jury:

"It is for me, the court, to determine if you correctly passed on the weight of evidence."

The judge noted that the prosecution had presented only one witness — a subway motorman who charged he was beaten — while the defense had produced five witnesses, all policemen.

The case, which was tried in Brooklyn, grew out of the first indictment of its kind to be returned by a federal grand jury in the New York area.

Deprived of Rights

The indictment charged Patrolman John A. Brullman, 30, of 25-72 12th St., Astoria, Queens, with depriving the motorman, Francis D. Galatis, 46, of 61-14 Northern Blvd., Woodside, Queens, of his "rights, privileges and immunities" under the Constitution.

Brullman was accused of beating Galatis with his fists in a subway station in Queens and in the Elmhurst, Queens, police station early March 7, 1952.

Galatis said he saw Brullman tampering with the door mechanism between two subway cars, and told him to stop. The complainant said Brullman struck him, took him to the police station and continued to strike him there.

Brullman said in his defense that he had been sitting in a subway car with his feet on an adjoining seat, and Galatis knocked his feet off the seat, pushed him and insulted him.

Complaint Is Filed

Shortly after the incident, Galatis filed a complaint under state law but it was dismissed in a magistrate's court. The federal proceedings started later. Brullman has been under suspension as a policeman since the alleged beating.

After the jury of five men and seven women found the patrolman guilty, the judge granted a defense motion to have the verdict set aside pending the filing of briefs by the prosecution and defense.

In setting the verdict aside temporarily, the judge commented:

"There was one interested witness against the five police officers. It is hard for me to believe that an officer would be allowed to assault a man under arrest while in a station house within the sound and sight of superior officers."

Conviction under the Civil Rights Act carries a possible maximum penalty of a year in jail and $1,000 fine.

October Building Estimate $150,753

Fire Chief Joseph L. Murphy issued 74 building permits in October at a total estimated cost of $150,753.

This was $23,926 under the total estimated cost in September when 58 permits were issued at an estimated total cost of $174,679.

Three October permits were issued for new dwellings at an estimated cost of $27,800, and two for private garages at $1,100.

$52,000 Project

One permit was issued for a service station at $12,000 and one for a new store building (near Empire market) at $50,000.

The chief issued 32 permits for alterations, additions and repairs on residential buildings at $25,000, and 15 for the same purposes on non-residential buildings at $26,333. He issued 20 permits for oil tanks and burners at $8,520.

Dewey's Not King,

Suffern officials to reach an agreement.

Vilord said shortly before noon, however, that no thruway representatives had appeared for discussions and that so far as he knew no meeting had been arranged.

The workmen chased away yesterday had intended to make test borings. Thruway plans call for diverting the Ramapo river to make way for the thruway in a hilly section of Suffern.

The pass through the hills is too narrow for the river, two old highways, the railroad right-of-way, and the new thruway too.

Diversion of the river, said village lawyer William R. Sichol, would move the river right over the site of the Suffern wells, dug four years ago. The Ramapo is regarded as a polluted stream.

When the test borers showed up, policemen with shotguns warned them off.

Petrone Shouts Defiance

One worker said, "Why, we represent the state of New York."

Dr. John C. Petrone, village trustee, shouted:

"I don't care whom you represent. Get out of here. Gov. (Thomas E.) Dewey is not the king of New York state yet."

Sichol said he would ask State Supreme Court Justice Isadore Bookstein in Albany today to enjoin the Thruway Authority from turning the polluted Ramapo over the village wells. The three well are capped for reserve purposes, but are used ocassionally.

A spokesman for the Thruway Authority in Albany said the test borings were to be made to find out whether the Ramapo waters actually would pollute the wells. He added that the authority wishes to "clear up the situation" amicably.

Meanwhile Police Chief J. A. Vilord warned the thruway employes:

"There will be a policeman with a shotgun here at all times, and he has orders to shoot if you set foot on this property."

Christmas Store

attended by a dozen members of the Association.

Traffic Issues Talked

Traffic was also discussed and the matter of parking was also reviewed.

It has been suggested that stores close on Saturday, December 26, but after this matter was discussed it was left to the individual store operator to decide.

The closing of the stores on Saturday after Christmas would give employes a long week end. Since the same situation will prevail after New Years, one merchant suggested the larger stores might give half the help off the Saturday after Christmas and the other half of the store employes off the day after New Years without the necessity of closing either day if they elected to keep their stores open on these Saturdays.

Taken to Headquarters

St. Louis, Nov. 5 (AP)—One of the policemen who arrested Carl Austin Hall, kidnap-killer of 6-year-old Bobby Greenlease, was taken to police headquarters today to give a complete review of his part in the case. Patrolman Elmer Dolan, who previously had testified in a top level inquiry into police handling of the case, was interviewed by Chief of Police Jeremiah O'Connell and other ranking officers. "He is at headquarters simply to review the whole story of the affair," the police chief said when asked the purpose of the interview.

May Court 60 ROKs

Pusan, Korea, Nov. 5 (AP)—The South Korean government may court martial 60 ROK soldiers freed in the prisoner of war exchange as "victims of Communist brainwashing," a reliable source said today. All prisoners returned by the Reds have undergone "intensive screening" on isolated Yongcho Island, the ROK army source said, and only 60 of 7,848 failed to pass.

Expansion Is Asked

New York, Nov. 5 (AP)—Mayor Vincent Impellitteri today asked Gov. Thomas E. Dewey to expand a special session of the Legislature to include legislation permitting 40,000 city employes to obtain federal social security coverage, retroactive to Jan. 1, 1951. The special session is scheduled to meet Nov. 17 to consider the governor's demand for ouster of Sen. Arthur H. Wicks of Kingston as Republican majority leader, and a reapportionment of legislative districts.

Hit, Run Collision

A city police report recorded a hit and run accident on the Washington avenue viaduct this morning at 3:26, which damaged the right side of the car of Salvatore Castiglione, 495 Albany avenue. The report made by Officers Sheldon O'Rourke and Floyd Krom said they were told the offending vehicle was thought to be a 1951 Ford, and was en route to Onteora Trail. The sheriff's department was notified, the police record revealed.

Ballots Counted

been entered in the proper column on the ballot return in the column provided but a note had been made on the following page of the return stating that 16 and 9 Liberal votes had been cast, a total of 25 for FitzGerald. However, it appears that the 25 votes had been included in the totals reported on election night.

The same situation existed in regard to alderman-at-large where 18 Liberal votes had been cast. These votes had also been included in the total vote reported.

On the recanvass conducted Wednesday under the direction of the Board of Elections, which is simply an inspection of the vote by the election officials, there appears to have been a difference of two votes in favor of FitzGerald, bringing the vote of Stang to 49 instead of the original 51 reported on election night.

Leading by 48 Votes

This morning Thomas Plunket, Democratic chairman, said on a tally made under his supervision the figures seemed to indicate Stang was leading by 48 instead of 49 votes with 17 war ballots still to be accounted for. This was a result of an inspection by the Democratic party members with the Fifth Ward and the second district of the Fourth Ward missing. Plunket said these two districts he had been unable to locate either at the city hall or at the board of elections office on John street.

Later in the day a police officer took to the board of elections office additional election papers which may have included the two missing districts.

Reports Are Probed

New Delhi, India, Nov. 5 (AP)—Reports reaching here from neighboring Nepal said Prime Minister M. P. Koirala and other top Nepalese officials flew today to the strategic city of Pokhra to investigate reports that Communist gangs have overthrown some local administrative bodies in the area.

TerminalNearsCompletion

Brussels, Belgium, Nov. 5 (AP)—A three-million-dollar mid-city airlines terminal connected by subway with the civic airport 12 miles away is nearing completion here. The six-story structure will have facilities for landing helicopters weighing up to 15 tons on the roof.

Balch Gives Statement

New York, Nov. 5 (AP)—Democratic State Chairman Richard M. Balch says the voters of New York state at Tuesday's election "ordered a sweeping investigation of Deweyism." Balch also says the state election results were a "clear mandate" to Gov. Thomas E. Dewey to broaden the call for the special session of the Legislature on Nov. 17. The Democratic chairman said in a statement that the state's voters "informed Gov. Dewey that they want sweeping and impartial investigations of the State Department of Correction, the State ABC Board, the State Department of Insurance, the Harness Commission and, indeed, all of the Dewey departments where graft, scandal and corruption are suspected."

Underwater television has been used successfully to study the fish life and habitats 100 feet below the surface of a Canadian lake.

Two Police Wounded

New York, Nov. 5 (AP) — Two policemen were wounded last night during a wild auto chase and gunfight through Brooklyn streets which ended in the capture of one robber suspect and the escape of another. Two drug stores had been robbed earlier in the evening, with holdup men getting cash totaling $300 plus $15 in stamps and $40 in money orders. After the second robbery, a passerby gave police a description of the getaway car carrying two men.

Hearing on Registration

Albany, Nov. 5 (AP) — A joint legislative committee will hold a public hearing here Nov. 16 on a local option system of permanent personal registration. The 1953 Legislature set up the committee and gave it $20,000 to make a survey of all laws relating to elections. Gov. Dewey asked the group to make a scrutiny of local-option PPR its major job.

Strike Is Averted

Toronto, Nov. 5 (AP)—A threatened strike among Ontario's 15,000 pulp and paper industry workers has been put off by a company offer of a three-cents-an-hour wage increase. Negotiations between nine AFL unions and 11 companies continue today. The company offer, however, still is short of the five per cent increase demanded by the unions. The workers already have voted to strike if their demands are not met.

Strangest Portent

Sheboygan, Mich., Nov. 5 (AP)—Put this city along the Straits of Mackinac down as likely having the nation's strangest harbinger of winter. It is the disappearance of parking meters. City Council has ordered them picked up Nov. 10 and stored until spring. Icy winds whipping between Lakes Michigan and Huron chill the oil and they don't work properly in winter.

Rifton Man Is Feted by C-H Employes

Louis Palkowics, Rifton, third from left, receives commendation from the Central Hudson Gas and Electric Corporation, during a party in honor of his 27½ years of service Wednesday night at the Valley Inn Hotel, Rosendale, marking his retirement from the organization. From left, Kenneth Z. Vanderlyn, hydro-electric superintendent; Henry Walker, production superintendent, who later presented the guest with a watch; Palkowics, William MacElveen, assistant electric operating manager, who presented the letter of congratulations from the concern, and Louis Van Dermark, chief operator, second class. *(Freeman photo)*

Palkowics Retires After 27½ Years With Organization

A native of Senitz, Hungary, who came to the United States in 1906, was honored by about 40 fellow workers and officials of the Central Hudson Gas and Electric Corporation during a retirement testimonial dinner Wednesday night at the Valley Inn Hotel in Rosendale.

Guest of honor at the occasion was Louis Palkowics, 65, of Rifton, who culminated 27½ years of loyal and devoted service to the local utility organization last Saturday, Oct. 31.

During the program, Palkowics was presented with a letter of commendation from E. E. Althouse, assistant general operations manager, and a watch from his fellow employes. Due to the illness of Althouse, his letter was read by William MacElveen, master of ceremonies. Henry Walker, production superintendent, made the presentation of the watch.

Palkowics began his career of long service with the organization in 1926 when he was employed as maintenance man at the Sturgeon Pool Plant in Rifton.

After 3½ years at this job, he was assigned to the Dashville Dam Powerhouse where he assumed the position of powerhouse operator and served there 24 years until his retirement last week.

Record Is Praised

MacElveen praised the record of Palkowics during the dinner last night. He said "the personal files in the company's office give the real appraisal of the guest of honor. MacElveen then quoted some of the remarks noted in the guest of honor's personal file including "jovial, cooperative, dependable," which he said are the company's own rating of this employe.

During a brief speech of appreciation to his fellow workers for the testimonial, Palkowics touched upon the difference of the "old country" and the nations which are lodged behind the Iron Curtain in 1953.

"We all lived in harmony in those days," he said, "and I'm sure it is not like that today in Hungary or the other European countries. We didn't have the privileges as are known in the U. S. but at the same time we managed to live and work without them and in true harmony."

"I spent my 18th birthday in this country and I have never had the desire to go back to Hungary."

Before coming to the U. S., Palkowics received schooling in Vienna, Austria and also lived there with his family.

Among the other speakers who praised the guest of honor were Louis Van Dermark, chief operator, second class, who also was chairman of the banquet committee; Ted Smith, chief system operator; Gus Oetjen, assistant chief system operator; Jack Rasmussen, construction superintendent; Herbert H. Reuner, son-in-law of Palkowics and Irwin J. Thomas, a guest.

During the program, two other employes, who are now retired, were introduced. They were John Zimmerman of New Paltz, who retired 10 years ago after 25 years of service, and John Auchmoody of Highland, who retired June 1, this year, after 30 years of service.

Helped Form Fire Company

During his many years in Rifton, after moving there from Brooklyn after he married the former Sophia Offerman, Palkowics became well-known in civic functions of the area. He served 11 years as trustee for the Rock School Board and five years as fire commissioner of the Rifton Fire District. He was one of two men who helped organize the Rifton Fire Company and the Rifton Fire District in 1942.

Mr. and Mrs. Palkowics have one daughter, Mrs. Herbert H. Reuner of Kingston.

Will Collect Leaves

The Board of Public Works announced this morning that work crews will begin the collection of leaves at 7 a. m. in the Twelfth Ward. The BPW announcement included the request that residents of that ward cooperate by having all leaves in piles ready for the pickup.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

1,228 Votes Cast For Wilson as New Assembly Member

Woodstock, Nov. 4—The upper and lower districts of Woodstock combined, cast about the same number of votes this year—totalling 1,519 as compared to 1,108 votes in lower district last year, a national election year—during Election Day Tuesday. A total of 998 votes were cast in the village with 17 absentee ballots and 504 from the Bearsville district.

In the Woodstock districts Kenneth L. Wilson received a total of 1,228 votes for member of the assembly. Wilson is the former Woodstock town supervisor who will be replaced by Joseph Fitzsimmons who received 1,224 votes for the office. Town Clerk Marjorie Harder chalked up 1,221 votes and Albert Cashdollar received 838 votes in a victory over Howard France, Democratic candidate who had 645 votes. Continuing in office will be Harry Kutzbach, assessor for four years with 849 votes over Griffin Herrick who received 557 votes. Everand Short, as assessor for two years rated 1,043 votes over Donald Twine, Democratic candidate who received 356 votes.

Other Results

In the Woodstock districts Joseph Forno, running for justice of the peace for a full term, won 1,015 votes over A. Benton Green, Democrat, who received 421. For councilman, Herbert Keefe received 1,017 over David Donaldson, Democrat, with 371. John Pike, who ran on both the Republican and Democratic ticket to fill a vacancy, received 1,449.

For school director, Edna DeWitt, Republican, received 734 votes and Nancy Schoonmaker, on the Democratic ticket, received 259 votes.

John Egan, attorney, who was at the polls throughout the day, noted that a small number of votes were cast during the morning but as he predicted the large volume of voters came to the polls early in the afternoon and began to taper off during the early evening hours.

Goltz Memorial Opens At Kingston Theatre

Woodstock, Nov. 4—A memorial exhibition of paintings by the late Walter Goltz will open tonight in the lobby of the Kingston Theatre in conjunction with the showing of Charles Chaplin's Limelight at Curtain at 8:40.

According to Norbert Heermann, who arranged the exhibition, Goltz had received repeated invitations to show his paintings in various exhibitions in New York, Woodstock and other places, but during the last 15 years of his life he refused to exhibit anywhere. It was not an indication that this forgotten painter had lost faith in his work. Up to the last day before entering Kingston Hospital, a month ago where he died 10 days later, 78 year old Walter Goltz painted away for a few hours every single day. Heermann, his friend for many years believes that the 20 paintings to be seen in the exhibition will prove a revelation to the community and especially to his home village of Woodstock.

Some of his finest things Heermann found in a locked closet which had evidently not been opened in years, and in need of immediate attention.

Among these paintings was a winter scene which, as the tablet on the dirty old frame revealed, was awarded a bronze medal at the famous Sesqui-Centennial International Exposition in Philadelphia in 1926. Another canvas was awarded the John Downes Prize, New Haven Paint and Clay Club's 13th Annual Exhibition in New Haven in 1931.

A week after Goltz's death, Heermann set to work cleaning and varnishing these paintings and he is presenting them now as a preview before the later memorial exhibition in Buffalo, the artist's home town.

Goltz was instructor at the New York Art Students League Summer School in Woodstock, and later conducted a class with Charles Rosen. His own teachers were the noted English artist Henry S. Mowbray and Woodstock's well-known landscape painter, Birge Harrison.

One of the most powerful of Goltz's landscapes in the present exhibition is of Riseley's Mill, now the main building of the Woodstock Country Club.

Woodstock Methodists Will Join in Mission

Woodstock, Nov. 4—In cooperation with Methodist Churches in the entire New York area, the Woodstock Methodist Parish will observe the United Evangelistic Mission during the week of Nov. 8 through 13. This is a completely unique program which combines both services at the church and visitation by teams of laymen.

The Mission will get underway officially Sunday, Nov. 8, with a meeting of the parish visitors at the Woodstock Church at 2:30 p. m. The teams will receive instructions and then will spend the remainder of the afternoon in parish visitation. On Sunday evening the first of six preaching services will take place with the Rev. Luther A. Patton, pastor of Latham Methodist Church and ex-Navy Chaplain, as speaker. The Rev. Mr. Patton comes to the church here from a thriving suburban church of over 500 members near Schenectady.

From Monday through Friday, parish visitors will meet at homes in the four communities for supper, fellowship and instruction, and will then go on to their work of visitation from 7 until 9 p. m. The Rev. Mr. Patton will be in charge of services each evening through Friday at the Woodstock Methodist Church beginning at 7:30 p. m. The public is cordially invited to attend these services of inspiration at which the Christian Faith will be presented in a new and challenging manner. Those who feel that Christianity is outdated and of little use in modern-day society, are invited to attend these services to hear the other side of the issue.

Business Directors Okay Six New Units

Woodstock, Nov. 4—At a meeting held Monday night at the Pinecrest Lodge of the Woodstock Business Association directors they approved applications for memberships from the following: The Woodstock Publishing Company; I. J. Rose and Sons, of Bearsville; William Miller's Pottery Shop; The Studio Card and Gift Shop; Fred's Taxi and Farrell's Motel.

The directors have sent a letter to the Board of Trustees of Woodstock School District No. 2, suggesting that they post the land within one mile of all directions of the school as a precaution against stray bullets of hunters in the area during the season.

It was announced that a letter had been received from the American Automobile Association requesting information about Woodstock to be included in the organization's resort directories which will be available to 4,000,000 AAA members. The reply from the Woodstock Business Association contained information concerning the all-year round facilities in this community and its cultural advantages.

The next meeting of the Woodstock Business Association will be for members Monday, Nov. 16, at a luncheon at 12 noon at Deanies.

Town Board to Meet

Woodstock, Nov. 4—There will be a Town Board meeting at the Town Hall Thursday, Nov. 5, at 8 p. m.

Village Notes

Woodstock, Nov. 4—Mrs. John Pike celebrated her birthday Tuesday.

Mr. and Mrs. George Berk went to New York to see the one-man show of paintings at the Ganso Gallery by Woodstock artist, Howard Mandel. While in New York they met Captain and Mrs. William N. Landers. Capt. Landers is the secretary of the Society of Naval Architects.

Mr. and Mrs. Edward Coffee of Bearsville had as their weekend guests Mr. and Mrs. Vance Kniffin of Rockville Center, L. I. Mrs. Charles C. Rogers, of Chattanooga, Tenn., visited Mr. and Mrs. Kniffin at their Rockville Center home for a week before they came here.

Scientist Lecture

Woodstock, Nov. 4—There will be a free lecture at the First Church of Christ, Scientist, in this village, entitled Christian Science: Its Awakening and Healing Mission, by Ella H. Hay, C. S., of Indianapolis, Indiana, Sunday, Nov. 8, at 3 p. m. Miss Hay is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Pumpkin-Nut Pudding Is Tasty Substitute for Pie

PUMPKIN-NUT PUDDING is something different from the traditional pumpkin pie for Thanksgiving dinner. Serve with cream.

BY GAYNOR MADDOX
NEA Food and Markets Editor

Instead of the traditional pumpkin pie, you may like this new pumpkin dessert for Thanksgiving. Lucy M. Maltby, of Corning, N. Y., asked us to try it. We think you will enjoy it.

Pumpkin-Nut Pudding

Two thirds cup supar, ½ teaspoon salt, ¼ teaspoon ground ginger, ¼ teaspoon ground cloves, ½ teaspoon ground cinnamon, 1/3 cup chopped nuts, ½ cup fine dry bread crumbs, 1 egg, separated, 1 cup cooked or canned pumpkin, 1½ cups milk, 2 tablespoons melted butter or margarine.

Mix together sugar, salt, spices, nuts and bread crumbs. Beat egg yolk; stir in pumpkin, milk and melted butter. Add to crumb mixture. Beat egg white until straight and shiny peaks are formed when beater is withdrawn. Fold into pumpkin-crumb mixture.

Turn into eight well-greased, heat-resistant custard cups, five-ounce size. Bake in slow oven, 325 degrees F., for 50 to 60 minutes, or until a knife inserted near center of pudding comes out clean. Serve with whipped cream.

In many homes, the vivid bowl of fruit will serve as a welcome dessert—apples, pears and grapes with clusters of raisins over them and shell nuts in between. With the fruit bowl, a cheese tray goes perfectly. Cheddar, Camembert, Swiss, port du salut and blue are varieties you might try.

Eat a slice of apple with a slice of cheese, or a pear slice spread with Camembert. After the filling Thanksgiving feast, this type of dessert is refreshing and easy on the tummy.

Tomorrow's Dinner

Grapefruit juice, poached fish fillets, spiced tomato sauce, boiled potatoes with parsley butter, buttered beans, crusty bread, butter or margarine, mixed green salad, pumpkin-nut pudding, coffee, milk.

Four More Join U. S. Air Force

Four more Kingston men have enlisted for duty in the U. S. Air Force, Sergeant First Class Clarence H. Carney, local recruiter, said today.

They are:

Joseph Naccarato, 19, son of Mr. and Mrs. Thomas Naccarato, 13 Cordts street. He was employed by the Fessenden Shirt Company.

Nicholas Turck, 17, son of Thomas Turck, 13 Willow street.

Richard Charles Bell, 18, son of Mrs. Mabel Bell, 61 Broadway.

Gerald Tierney, 17, son of Mrs. Barbara Tierney, of Route 1, East Kingston.

They all have received their initial training at Sampson Air Force Base, near Geneva.

Rancher Needs No Gun

Lewistown, Mont. (AP) — John Stanley, a rancher, found a new way of killing bear. It was branding time on the ranch when the cowboys spotted a brown bear among the cattle. They lassoed the animal from opposite ends, then a helper, Dave Matovich, killed the roped bear with a stone. The trio estimated the bear weighed 500 pounds.

Cub Scout Pack 13

Indian Summer was the theme of the pack meeting for Cub Pack 13 this week at the Lawton Park cottage. The cubs wore Indian suits and head dresses made at the den meetings. Later several of them demonstrated and told about the Indian shields, tomtoms, totem poles and other things that they had made. Cubmaster Clement Angstrom displayed a selected portion of his collection of Indian relics including flint and stone implements, pieces of clay pottery, paint stones, and beadwork.

John Coffey and Gary Terwilliger and their families were welcomed as new members of Pack 13. Cub Scout Andrew Angstrom conducted the opening flag ceremony in partial fulfillment of achievements for the lion badge. Robert Reardon received his bear badge.

John Schwalbach, Bruce Pech, Jack DeKoskie, and Jack Rudy received gold arrow awards. Frank Storm, Jack Rudy, Peter Coffey, Bruce Pech and John Schwalbach received silver arrow awards. One year service stars were presented to John Schwalbach, Jack Rudy, Robert Reardon, Frank Storm, while Jack DeKoskie and Peter Coffey received their two-year service stars.

The den mothers of Den 1 furnished seasonal refreshments of cider and cookies. The meeting was closed with the scoutmaster's benediction after a ceremony consisting of the cub scouts' giving the cub scout law and motto while in the living circle formation.

To Remain Suspended

Bogota, Colombia, Nov. 5 (AP) —President Gustavo Rojas Pinilla has told delegates of the National Newspapermen's Congress which winds up a session here today that press censorship will remain suspended until the government draws up a new press law. Censorship of Colombia's press was lifted by the president for the duration of the newspapermen's congress. It will continue to be suspended, he said yesterday, except when a publication endangers peace.

Church of Comforter Will Observe World Community Day

Today is World Community Day as designated by Christian women across the country to turn the minds of people toward building lasting peace. This is the theme of a nationwide observance sponsored by the United Church Women.

The local observance will be today at 7:30 p. m. at the Church of the Comforter. The program will be in two parts: First, a short period of devotions during which time the Helps for Homes gifts will be dedicated. These are the material expressions of good will. The cartons of warm blankets, sheets, pillowcases, bright wash cloths, towels, curtains, drapes and tablecloths are sent from "our house to their house with love," said the committee.

By extending hands across the sea with something serviceable, the Church Women want to build the fellowship and understanding which in due time may mean peace. The gifts go to India, the Near East, Germany, Greece, Trieste, Pakistan, Hong Kong and Korea.

The second part of the program will be a panel discussion on the day's theme, Building Lasting Peace. Mrs. George V. D. Hutton will introduce the moderator, Mrs. Harry Rigby. The panel will endeavor to develop past and future potentialities in the quest for world peace.

Members of this group are the Rev. J. Dean Dykstra with the religious view; Capt. Andrew S. Hickey U. S. N. Retired, with the military approach; M. Clifford Miller, principal of the M.J.M. school with the viewpoint of education; and Walter B. Ross, secretary of the Dutchess County Chapter of the American Association for the United Nations.

The discussion will be opened for questions from the floor after the panel members have given their view. A social hour will follow the program.

Interested men and women of Kingston and the surrounding area are invited to attend this meeting. They may contribute to the Helps for Homes if they so wish, or just to join with their fellowmen who are actively and vitally interested in ways of gaining the peace, announces the committee.

MR. AND MRS. ALBERT V. PROMUTICO

Marjorie Fichtner, Albert Promutico United in Marriage

Miss Marjorie Lois Fichtner, daughter of Mr. and Mrs. Karl Fichtner of Shandaken, and Albert Vincent Promutico, son of Mr. and Mrs. Pietro Promutico of Flushing, L. I., were united in marriage Sunday, Nov. 1 at 2 p. m. at St. Francis De Sales Church in Phoenicia. The Rev. Galvin of this church performed the double ring ceremony.

Mrs. George Marinor of Allaben was organist playing the selections The Lord's Prayer, A Perfect Day and Ave Maria. The church was decorated with palms and satin bows.

Given in marriage by her father, the bride wore a gown of Chantilly lace, with satin underskirts, terminating in a long train. Her fingertip veil was of silk net. Her bouquet was of white pompons and chrysanthemums.

The maid of honor was her sister, Miss Jean Fichtner of Shandaken. She wore a nylon net gown with a four tiered skirt, and a red velvet jacket. Her bouquet was of white pompons and bronze and yellow mums.

The attendants were Miss Dolores Fichtner of Shandaken, Miss Eleanor Muser of Boston, Mass., Miss Evelyn Lainis of Yonkers, and Mrs. Pauline Lombard of Forest Hills. Two of their gowns were of nylon net with four tiered skirts and jackets of gold velvet, and they carried bouquets of bronze pompons and green and white mums.

The other two attendants were attired in gowns of dark green nylon net with four tiered skirts and velvet jackets of the same color. Their bouquets were of bronze pompons and yellow and white chrysanthemums.

The bridegroom's niece, Miss Marguerite Morgan was the flower girl. Her frock was of red nylon net matching the bridesmaid's. Her bouquet was of bronze, yellow and white chrysanthemums and rose petals.

Joseph Promutico, brother of the bridegroom, of Flushing, L. I., was the best man. Karl Fichtner, Jr., of Shandaken, brother of the bride, George Caperna, cousin of the bridegroom, Roger Juliani, and Alfred Raney of Flushing, L. I., were ushers.

John Maben of Shandaken, cousin of the bride, was ringbearer.

A reception was held at the American Legion Hall in Chichester for approximately 250 guests immediately following the ceremony.

For the wedding trip through the southwest, the bride wore a white faille dress, white angora hat, white gloves, and a mink stole.

The bride attended Allaben and Shandaken grade schools, and graduated from Fleischmann's High School. She is now employed at Frank G. Shattuck Company, New York.

The bridegroom attended Flushing grade schools and is a graduate of Flushing High School. He was in Europe two years in the military service, and is now self-employed in landscape gardening.

The couple plan to make their home in Astoria, L. I.

Halloween Party Entertainers Named By Ulster Hose

The Halloween party held at the Ulster Hose Firehouse Saturday night attracted a large attendance from various areas of the township.

The following entertainers furnished the highlights of the program:

Peggy DeMicco, Sharon Smith and Judy Buckman of the Leninger Dance Studio, performed baton and tap numbers; Regina Buckman of the Audrey Shultis School of Dancing, acrobatic specialty; Robert Boice, trumpet solo accompanied by Carol Haynes at the piano; Carol Haynes, Robert Boice and Clark Bundy, trumpet, piano and piano accordion selections.

Clark Bundy of the Roger Baer Studio of Music, medley with piano accordion; Elaine Macholdt, Philip Bunting and Jack Bechtold, western ballads with two guitars; Ted Benson, Jack and Mickey Miggins, skit, and Sandra DePaola, accordion.

Francis Smith was master of ceremonies and entertained with a special dance accompanying himself with an accordion.

Various awards were made for costumes. Refreshments were served to complete the successful program.

Miss Sarah Walker Weds Walter Closi

Miss Sarah Walker, daughter of Mr. and Mrs. Chauncey Walker of Lake Katrine, was united in marriage to Walter Closi, son of Mr. and Mrs. Angelo Closi of Lake Katrine, in a ceremony held at the home of the bride at 8 p. m. Friday, Oct. 9. The Rev. Olney Cook of the Lutheran Church, Woodstock, performed the ceremony.

Given in marriage by her father, the bride was attired in a blue suit with matching accessories and a corsage of white pompons.

Miss Betty Anne Elliott of Lake Katrine was maid of honor. She wore a navy blue suit with white accessories and a yellow pompon corsage.

The best man was Arthur Closi of Lake Katrine, brother of the bridegroom.

Following a reception held at the home of the bride's parents for about 30 guests, the couple left for a wedding trip through the southern states.

Mr. and Mrs. Closi will make their home with Mr. Closi's parents.

Mrs. Closi, a graduate of Kingston High School, class of 1953, is employed in the office of Pilgrim Furniture Company in Kingston.

Mr. Closi is employed by the Woodstock Packing Company.

MR. AND MRS. JOSEPH J. FARRELL

Jerry L. Barnum, Joseph Farrell Wed, Both at Mohonk Lake

Miss Jerry L. Barnum of Mohonk Lake, daughter of Mr. and Mrs. Leo Barnum of Prattsville, was united in marriage to Joseph G. Farrell of Mohonk Lake, son of Mr. and Mrs. Joseph J. Farrell of Brooklyn, in a ceremony held Sunday, Oct. 25 at 2 p. m., at the Dutch Reformed Church in New Paltz.

The ceremony was performed by the Rev. Gerret Wullschleger. Traditional wedding music was played on the organ.

Given in marriage by her father, the bride wore a Queen Anne styled gown of French Bengaline with a fingertip veil attached to a braided headpiece. She carried a cascade bouquet of white chrysanthemums.

The matron of honor was Mrs. Arthur D. Betz of Upper Montclair, New Jersey. She wore a full length gown of rust colored taffeta and a braided headpiece of the same material. She carried a cascade bouquet of yellow pompons.

William DuBois of High Falls was best man, and Jack Stanton of Mohonk Lake was usher.

A reception was held at the Rock Cliff Hotel in High Falls for 65 people.

On their return from a wedding trip to Cape Cod, the couple plan to make their home at the Lake Mohonk Mountain House.

The bride is a graduate of Grand Gorge High School and Albany Business College, and is employed at the Lake Mohonk Mountain House.

The bridegroom attended Fordham University and is also employed at Lake Mohonk Mountain House.

New Paltz College Studytour to Europe Itinerary Announced

The annual Marriage and Family Life Studytour, sponsored by State University Teachers College at New Paltz and The National Council on Family Relations, will be conducted in southern Europe, the Near East and Balkan countries this year, according to Dr. Eugene P. Link, leader of the traveling seminar.

In previous years the tour centered in the countries of northern Europe.

Included on the 1954 studytour are visits to Sicily, Rome, Israel (with a four-day side trip to the Holy Land), Cyprus, Greece, Belgrade, Yugoslavia, Venice, Switzerland, and Paris. The studytour consists of a group of correlated seminars and field trips to study marriage and family patterns with special emphasis on community and governmental aids to strengthen the family.

The studytour may be taken for academic credit if desired. It will be led by Dr. Eugene P. Link, chairman, division of social science at State University Teachers College at New Paltz, and his wife, Mrs. Beulah Link. The group will sail from New York June 17, returning August 21.

Symphony Orchestra Extends Invitation To Amateur Musicians

The date of the season's first concert by the New Paltz College Community Symphony Orchestra is Tuesday, Dec. 8, according to announcement by Allan Davis, conductor of the group.

The Tuesday evening concert will include a varied program of classical and popular works. "We're trying to have a well-balanced program," commented Mr. Davis, "with something that will appeal to everyone."

The orchestra will open the program with "Classical Symphony" followed by Mozart's "Piano Concerto in C Minor" with Victor Landau as soloist. Appealing to those with more popular musical tastes will be American Salute (Johnny Comes Marching Home), arranged by Gould, Celebration Dance from Billy the Kid by Copland, and finally Selections from Carousel by Richard Rodgers.

With seven rehearsals remaining before the concert, Mr. Davis extends an invitation to amateur instrumentalists of the area to join the group, and urges the full cooperation of everyone now associated with the orchestra. "Cooperation at this particular point in preparation for the concert, would be greatly appreciated," he said.

Junior Red Cross Builds Good-Will In Useful Program

Junior Red Crass members of Ulster county are doing more than talking about the state of the world today. These boys and girls, just starting new membership enrollment campaign, are putting words into action to create better understanding between Ulster county and the rest of the world.

Mrs. Walter K. Hubbard in charge of the Junior Red Cross program in the Ulster County Chapter, said that the junior members of the Red Cross here have been making real contributions to the community and the world. They have produced articles for the comfort and pleasure of patients in military, veteran and local civilian hospitals, provided entertainment for the hospitalized, filled gift boxes to be sent to children overseas, and carried on correspondence with youngsters in foreign countries to build up international good will, Mrs. Hubbard said.

Boys and girls from the schools in this area take part in the Junior Red Cross program by packing gift boxes of school supplies to be sent to less fortunate school children in other countries. They exchange albums, showing how we live, with children overseas.

The Junior Red Cross enrolled secondary schools have undertaken a project to provide Christmas gifts for what is known as "family care patients" from the Middletown State Hospital. Approximately 250 of these gifts will be provided for these persons who have no relatives to remember them during the holiday season.

Mrs. Hubbard said that success of this program depends upon schools of Ulster county. "Without the leadership and supervision of school authorities here, from superintendent to individual teachers, we would have no Junior Red Cross program."

"In calling on local school children to enroll in this movement of humanitarian service," she said, "we must not forget one of the great values of the Junior Red Cross: teaching youngsters how to serve others in the best American tradition."

Informal Musicale To Be at New Paltz

The second of a series of informal afternoon musicales will be held Monday at 4:30 p. m. in the College Union building of State University Teachers College at New Paltz.

Murray Katz of New York city and Victor Landau of the New Paltz music faculty will present a recital of violin-piano music, commenting informally on the works and their composers.

Included on the program is the Sonata in D Major by Handel; Sonata in D Minor by Brahms, and a selection composed by Mr. Landau.

The music committee of the College Union board, sponsor of the musicale series, extends a cordial invitation to all interested members of the community who may wish to attend the recital.

Town Highway Boss Held for Passing Bus

A summons has been issued to Allen T. Decker of New Paltz, superintendent of highways of the Town of Lloyd, for appearance this afternoon before Justice of the Peace Albert Lester of Highland on a charge of passing a stopped school bus.

The complaint was signed by Vincent Jesionek of Highland, driver of the bus.

Highland State Police said today that Decker is alleged to have passed the stopped bus on the River road, Highland, at 3:15 p. m. Monday and that in doing so he struck Richard Simpson, nine, of Highland, who was crossing the street in front of the bus.

Trooper Elliott Johnson, who investigated, said the boy suffered minor contusions of the right arm. He was treated by a private physician and was removed later to St. Francis Hospital, Poughkeepsie.

Five New Members Join Kingston Rotary

Five new members were formally welcomed into the Kingston Rotary Club at its luncheon-meeting Wednesday by President Larry V. Bogert.

The new members of the local service club, Leonard Scales, E. C. Craig, Guy A. McCorkle, W. Clifford Miller and William Niles, gave interesting sketches of their lives.

Vice President James G. Connelly addressed the new members on their duties as Rotarians and briefly outlined the objects of Rotary International and the activities of the local club.

Self Treatment Perilous

Indianapolis (AP)—Self-treatment of skin rashes and itches can often make troubles worse, firing up allergic-type reactions to the remedies used, two Indiana physicians report. By patch test, they found that one-fourth of a group of patients had skin troubles caused by one of a succession of remedies they'd used. The report is by Drs. L. S. Gaul and G. B. Underwood in the Indiana State Medical Association Journal.

First Snow Hits Northeast Area

By The Associated Press

The first snow of the fall season fell over wide areas in the northeastern quarter of the country today. Falls were light in most sections and snow melted as it hit the ground.

Adding to the touch of winter were freezing temperatures over most of the northern half of the nation between the Rockies and the Appalachians. It was near zero in northern Wisconsin.

Cold air from Canada blowing across the warmer waters of the Great Lakes resulted in the snow flurry activity in the lakes region and in the northern Appalachians.

Rain for Gulf States

Rain continued along the Gulf states and into west Texas and parts of western Oklahoma and Kansas. Snow fell along the northern edge of the rain belt in extreme southwestern Nebraska with Imperial reporting 1 inch on the ground. Some locally heavy rainfall amounts occurred along the Gulf Coast with Pensacola, Fla., reporting nearly 2 inches during the night.

Rain also fell along the west coast in Washington and Oregon and in parts of southern California. Clear skies extended from the northern Rockies through the northern plains and the upper Mississippi valley.

Educational Group Receives Reports On School Progress

At the monthly meeting of the Board of Cooperative Educational Services, reports were given relative to the meeting in Syracuse at which 90 per cent of the school boards in the state were represented, the art program in Rosendale schools and the Know Your School campaign sponsored by the New York State Teachers Association.

Present at the local session, 286 Wall street, were these members of the board: Daniel Morehouse, president; Samuel Vaughn, clerk; Nathaniel Phillips, Joseph Browne, Charles Riccardi and Clarence Johnson, executive secretary.

President Morehouse, who attended the state meeting in Syracuse of the New York State School Boards Association, reported that a very constructive and worthwhile conference was held.

Art Program Popular

Albert Shultis, art instructor in Rosendale schools, displayed materials on which the students have been working, and said the program is being very well received in the communities. More applications for art services have been received by the board, he stressed, but these cannot be handled at the present.

Reginald Russell, elementary supervisor, reported on his activities in the schools for the past month. He gave a brief report on the Know Your School campaign sponsored by the New York State Teachers Association.

It was voted to purchase a new audiometer and have a trained technician test the hearing of all children in Supervisory District No. 1.

Denies Information

Manila, Nov. 5 (AP)—President Elpidio Quirino said today he has no information that the United States is meddling in Tuesday's Philippines election, but indicated he is going to keep right on charging U. S. intervention as a campaign issue. The dapper Quirino told 35 foreign correspondents he could see nothing inconsistent or wrong in his position. Filipinos elect a president Tuesday, and Quirino has charged throughout his campaign that the United States is meddling by supporting his opponent, Ramon Magsaysay. The U. S. embassy has denied the charges.

To Dismiss Employes

Tokyo, Nov. 5 (AP)—The army said today it will send dismissal notices by Nov. 10 to a "considerable number" of American civilians it employes in the Far East, because of a shortage of funds. An announcement said the army also will send dismissal notices to 5,007 Japanese nationals by the same date.

Will Supply Jets

Athens, Greece, Nov. 5 (AP)—Gen. Nathan Twining, U. S. Air Force chief of staff, said today the United States will supply advanced types of jet aircraft to allied countries under the mutual defense assistance program "just as soon as they are available." Speaking at a news conference attended by U. S. Air Force Secretary Harold E. Talbott and American Ambassador Cavendish Cannon, Twining said there were plans in Washington to begin replacing the F84 Thundejets now being provided European countries under the MDA program. He did not specify what types of "more advanced aircraft" would be sent.

To Be Trial Scene

Tehran, Iran, Nov. 5 (AP)—Mirror Hall in Saltanatabad Prison will be the scene next Wednesday of the treason trial of former Premier Mohammed Mossadegh. Conviction can bring the death sentence. This was disclosed last night by a high government official who said preparations for the military trial include seating for 50 Iranian and foreign newsmen to cover the proceedings. The entire room will hold 200 persons in addition to the judges and other officials.

In 1950, the U. S. government held some rural land in 1,796 of the 3,069 counties of the country.

JACOBY ON BRIDGE

Smother Play Is Rare Bridge Move

By OSWALD JACOBY
Written for NEA Service

When the Ontario Championships begin today in Toronto, "Shorty" Sheardown will be doing his best to keep all the championships in Canada. A large contingent of experts from the United States will try equally hard to take the titles. This would be only a mild revenge for the time that Shorty and his teammates won the American national team title right from under the noses of fifty or sixty American teams.

In today's hand, played in a rubber bridge game in Toronto, Sheardown had to execute one of the rarest plays in bridge to make his game contract. It looks like an optical illusion at first, but the "smother" play really works.

East won the first two heart tricks and continued the suit, forcing Sheardown to make his first decision. He decided against discarding a club, since East might have only two clubs headed by the king, in which case declarer could afford to lose a trump trick. After some thought, Sheardown ruffed the third heart with the king of spades, and West discarded a low club.

Declarer next led the jack of spades and let it ride for a finesse. Business looked good when the finesse succeeded, and Sheardown led the ten of spades to repeat the finesse. East's heart discard was very discouraging.

Apparently South was sure to lose a trump trick, and the contract was going to depend on avoiding the loss of a club trick. So Sheardown led a diamond to the king, finessed the queen of clubs, and laid down the ace of clubs.

The king of clubs didn't drop, and now it seems that declarer was sure to lose a club and a trump as well as the two hearts lost at the very beginning of the hand. With nothing up his sleeve, Sheardown made one of those losing tricks disappear.

He simply cashed his top diamonds and led his last club. West discarded his last diamond, saving only two trumps. Dummy was left with the ace of trumps and the thirteenth club. East, after winning the king of clubs, had only two hearts. And South had the nine and the eight of spades.

East led one of his hearts, and South played the eight of spades. If West played the queen of spades, dummy would over-ruff with the ace; and South would then take the spade nine. If West played his low trump. South's eight would win and dummy's ace would take the last trick.

INVITATIONS TO GROOM'S FAMILY

A mother writes: My son is going to be married in a few weeks. In this morning's mail I received an engraved invitation to his wedding from the bride's family. I was quite taken back at this and a little hurt at receiving an invitation to my own son's wedding. I thought our presence was taken for granted. I would appreciate your opinion of this. Also, must this invitation be acknowledged by a formal acceptance?"

It is absolutely customary to send invitations to the groom's family. It would be inconsiderate not to let them see what the invitations looked like and that's why they are sent. Of course, they're not answered.

Shower for New Bride

Dear Mrs. Post: A very dear friend of mine was married rather suddenly four months ago at the base where her husband-to-be was stationed. As this was a good distance from here, none of her friends were present at the wedding. She will be coming home soon for an extended visit with her parents and I would like to know if it would be proper to give a shower for her at that time.

Answer: I think it would be very thoughtful, as well as proper.

Order of Letter Writing

Dear Mrs. Post: I have never liked the "mixed-up" arrangement of placing page two of a four page letter on the third sheet of a double-fold paper, and page three on the second sheet. Someone has told me that this is the correct procedure and that I am socially incorrect in putting my pages in sequence. I don't see how anything in order can be incorrect. Please explain.

Answer: You can write a long letter in any order that you like best. But when writing a short letter it is correct to write on the first page and end it on page 3, leaving 2 and 4 blank.

Wearing Ring

Dear Mrs. Post: Is it permissible for a young woman to wear a birthstone ring, or any other ring, on the third finger of her left hand, or is this finger reserved for the wedding and engagement rings only?

Answer: Certainly you wear a ring on your third finger if you want to, but don't be surprised if those who see the ring think you are engaged.

* * *

Have you put off writing that letter because you do not know how to express your thoughts on paper? You will find booklet No. 502, "Etiquette of Writing," helpful. Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 25 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Paint Can Disappear

Newton, N. J. (AP)—Farmers have been told to be on the lookout for barn and roof painting gyps who apply inferior paint that washes off with the first heavy rainfall.

As Pegler Sees It

ministration, which provides jobs and ultimate pensions for bureaucrats.

We have had two recent jabs to remind us of the truth of our situation.

In one case, Mr. Moses, a Republican, a scholar and about the best public administrator we have, complained angrily because Congress had appropriated too little money for "public housing" in New York. But Congress would have no excuse to appropriate for this purpose if Congress didn't take so much of the people's money in taxes that they can't pay a fair rent for privately owned apartments or own their own. The next reason in importance is the extortionate wages and "rules" of the building trades, which are terrible, predatory rackets, under the patronage of the federal government and most state governments. The federal government established by law the extortionate proposition that an hour of toil or loafing beyond 40 hours in a five-day week is worth from 50 per cent to 200 per cent more than those basic 40 hours. As Senator Wicks of New York said recently, these unions are now an extra government.

In the other dramatic shock, President Eisenhower blandly admitted that governments were taking so much of our earnings and inheritances that charity was no longer possible. Corporations therefore should be encouraged to donate out of their earnings, which should go to the shareholders. At the same time, the Republican candidate for mayor of New York hurried to Washington to plead for a gift of $26 million to the citizens of a foreign nation, thus reducing their tax burden although, as Ike says, we have nothing or little left for charity.

Trieste, Nov. 5 (AP)—Scores of Italian student demonstrators and police were injured today in clashes that broke out between them in central streets of this disputed city. Athletics Name Joost As Successor to Dykes

Latter Believed Due For Baltimore Post

Philadelphia, Nov. 5 (AP)—A couple of baseball men were doing some mental juggling today but for vastly different reasons.

Eddie Joost, who was just another shortstop up to 10 a. m. yesterday, was saying to himself: "Let's see now, there's me at shortstop, Gus Zernial in the outfield, Eddie Robinson at first and Bobby Shantz on the mound—"

And rotund, jovial and temporarily unemployed Jimmy Dykes was mumbling: "Now if I go to Baltimore, there are a couple of nice golf courses right outside-town—"

Joost was being primarily concerned with his new job as playing manager of the Philadelphia Athletics—a job that was handed him yesterday at the same press conference that brought Dykes his walking papers.

It was a sort of surprise move but no one seemed too surprised except Dykes himself. He was informed of his sudden demise after making an appearance as a luncheon speaker at nearby Norristown.

Dykes—who had managed the hapless Athletics since he took over from the club's first and only previous manager, Connie Mack, in late 1950—pointed out he had been in the A's office Tuesday.

Nobody Told Him

"Nobody said anything to me," commented Jimmy. "Why didn't they tell me?"

It was a question no one seemed ready to answer. But Roy Mack, Connie's son and executive vice president of the club, provided the reason why Dykes was replaced by his 37-year-old shortstop.

Dykes, said Mack, had done a "poor job with the 1953 Athletics and a change was necessary."

Joost, who managed to play only a third of the A's games this past season because of injuries stemming from relative old age, was rewarded for seven years of service with the A's since his purchase from Rochester in 1946.

While his playing days are virtually numbered, Joost said yesterday he expects to don a uniform as a playing pilot next season.

Married and the father of four boys, Joost was first signed to a professional baseball contract by the San Francisco Missions while 16. He later played with Syracuse, Kansas City, Rochester, Cincinnati, the old Boston Braves (now the Milwaukee Braves) and the A's.

His new one-year contract as Philadelphia manager reportedly calls for a $30,000 yearly salary—probably about $10,000 or better above his last player stipend.

Other Changes Expected

The Joost-Dykes shift was the latest in what promises to be a series of moves by the American League club. Last week, the A's general manager—Arthur Ehlers—left to take the same post with the new Baltimore Orioles. He was followed by Dick Armstrong, who took the post of Baltimore publicity director.

And now that Joost has been given the Philadelphia managerial job, rumor has it that Dykes may go to Baltimore as field boss under his old friend Ehlers.

In the new A's setup, Roy Mack said Dykes had been asked to remain with the team in an advisory capacity—one third of a triumvirate that would make player deals and plot strategy. The other two members would be Joost and Earl Mack, club vice president.

Hal Tryax Feature Winner at Yonkers

Yonkers, Nov. 5 (AP)—Favored Hal Tryax was driven to victory by his owner, Sanders Russell of Stevenson, Ala., in the $3,500 Oscawanna race at Yonkers Raceway last night.

The six-year-old, who has been plagued by recurring lameness, covered the mile in 2:05.3 in winning by 3½ lengths over Ethel Lady driven by Tom Walters. Third was Galen Hanover, piloted by Waner Bull.

Hal Tryax paid $5.10, $3.40 and $2.50.

Walter Schuster of Chicago was president of a bowling league for 30 consecutive years.

Angels and 50 Club Cop Victories in 'B' League

Juniors Grab Pivotal Game by 56-49 Edge

Angel Juniors knocked off Rapp's Express, 56-49, and the 50 Club overpowered J & E Milk Bar, 54-37, in last night's bracket of Autumn "B" League contests at the Y court.

A bad first period in which they trailed 14-2 jolted the Milk Bar, as the 50 Club recorded its fourth victory in six starts. At the half they led 23-15.

Bob Faurote, one of the top scorers of the circuit, rimmed 16 for the Milk Bar, while Tom Culjak and Ronnie Diamond hit 12 and 10 respectively for the 50 Club.

Take Early Lead

Don Schroder and Harry La Forge racked up 27 points between them as the Angels jumped off to a 19-13 first period lead over Rapp's and held the lead the rest of the way.

Bob Kozlowski hooped 15 for the Expressmen.

The game was marked by 54 foul calls and reflected the tenseness of the two clubs who were vieing for first place. The score changed hands six times in the first quarter before the Angels forged ahead for keeps.

Rapp's rallied to trail by only two points at the half but the Angels poured it on with a 19-point third quarter to remove any doubts about their superiority.

Beacon Applies ForRe-Admission To DUSO League

The DUSO League's athletic council has on file an application by Beacon High for re-admission to the circuit for spring sports only.

Meeting in Middletown Tuesday, the DUSO officials took action on the application by naming a committee to meet with Beacon and discuss the possibility of a full sports schedule for the Dutchess county school.

Members of the committee are DUSO president, Ralph L. Shattuck of Middletown, Al Chase of Port Jervis; Sam Kalloch of Poughkeepsie and C. Everett Stevens of Newburgh.

The council also issued a blanket warning to all coaches and athletes against protesting decisions by arbiters at all DUSO athletic contests in the future.

The edict resulted from a protest filed by officials who worked the Kingston-Port Jervis football game in which Coach Bill Burke of Kingston was charged with uncomplimentary language in a dispute with the umpire and head linesman.

Since the Maroon mentor was by no means the first coach ever charged with that infraction, the DUSO moguls settled for the warning.

Rice is the only football rival that Texas has played annually since 1915.

Ken Joseph's 643 Paces CRM; Kelekian's 572 Leads Women

Six-hundred triples crackled like Chinese fireworks in last night's session of the Central Rec Major League.

Whether it was the advent of sharp weather that is ideal to pin toppling or Red Sangi's superb alley conditioning, the net results showed 11 series over "600" and Ken Joseph leading the pack with a 641 blast on solos of 215-181-245. Harold Broskie of the same loop powered a 255 single. Runnerup Ken Williams blasted 215-181-245 for 641.

Pontiac Garage had three of its trundlers in the coveted circle to pile up a 2987 series against Quality Maple Block on games of 1053, 900 and 1034.

Marie Kelekian set the pace in a brisk scoring session of the McDonough Body Works with 193-215-164 for 572. Her total was the best of seven "500" triples in the league.

Dottie La Rocca sandwiched a 209 with 134 and 164 to crack 507 high series in the Pioneer Women's League.

Honors in the Central Hudson League went to Bert Burr with 213-178-166 for 557.

Marie Kelekian's 572 led a barrage of seven triples of "500" or better in the Friendship League.

Knicks Retain Old Road Magic

(By The Associated Press)

The New York Knickerbockers, who had the best away-from home record in the National Basketball Association a year ago, are picking up where they left off last season.

The Knicks took to the road last night and turned back the Milwaukee Hawks 73-67 in the first half of a doubleheader at Baltimore. The Minneapolis Lakers outlasted the Bullets 77-75 in the second game.

New York, which tops the Eastern division with a 2-0 record, held a 37-27 halftime advantage. The Knicks entered the last period with a nine-point edge, but the Hawks narrowed the gap to 57-56 with five minutes left before New York bolted away for good.

Milwaukee rookie Don Sunderlage led the scorers with 19 points and Vince Boryla paced the Knicks with 16.

The defending champion Lakers, in posting their second straight triumph after losing their first two starts, caught fire in the second half to pull out the verdict. Minneapolis overcame a 13-point deficit as Big George Mikan collected 17 of his 24 points in the last 19 minutes. Ray Felix topped Baltimore with 20 points.

Y Winter League Meeting Nov. 12

Organizational meeting of the regular YMCA Basketball League is scheduled Thursday, Nov. 12, at 7:15 p. m. at the physical director's office at the Y.

League director George McElroy requests all captains interested to attend since this will probably be the only organizational session.

Besides going over the constitution and by-laws plans for a "B" division elimination tournament will be discussed. Tentative plans to start this tournament on Nov. 18 are under consideration so that the "B" squads can continue playing until the "A" loop winds up on Nov. 28. The playoffs are scheduled four nights.

Geil and Lattner Repeat Choices For All-America

New York, Nov. 5 (AP)—Halfbacks Paul Giel of Minnesota and Johnny Lattner of Notre Dame appear to be strong bets to repeat as football All-Americas this year but they've got plenty of competition among the crop of backfield candidates.

According to progress reports from Associated Press regional All-America boards Giel and Lattner so far rate tops on their impressive all-around abilities in this first year of the return to limited substitutions.

Lattner, who is just one of several runners in the nation's leading backfield, adds his exceptional talents as a blocker, pas receiver, tackler and pass defender to achieve a kingpin status at Notre Dame. Giel needs no introduction after his nationwide television debut last week against Pitt. Both were named to the All-America team in '52.

Andrews Pilot Wants No Part Of Billy Graham

Detroit, Nov. 5 (AP)—Newcomer Al Andrews is good enough to beat Chuck Davey twice but his manager doesn't think he's good enough to beat Billy Graham once. Not now, anyway.

Ike Bernstein, 76-year-old sage of the ring, said this today after Andrews had beaten Davey for the second time.

"I don't think my boy is ready for Graham," Bernstein said. "He's too green. Graham is a veteran. He's too smart."

Andrews, a promising welterweight from Superior, Wis., scored a split decision over the fading Davey in a 10-rounder at Olympic Stadium last night. That, it was generally understood, earned him a Dec. 2 shot at Graham, the veteran New York craftsman.

But now it looks as though the fight won't come off at all.

What about Davey? Is he through?

"No," says trainer Issy Kline. "He'll fight again. That's definite. You can quote me."

Chuck Not Sure

But Davey . . . he's not too sure. It was his third loss in his last five starts, and the zing seems to be missing from his punches. He also had lost to Andrews in a 10-rounder last September.

"Don't ask me about that now," he said frankly. "I never make quick decisions. I thought I fought fairly well, but not as well as I expected. When you lose—well, that could change things."

Writers covering the fight also thought Davey fought well. In fact, a ringside poll showed 13 writers favored Davey and only one Andrews. The AP called it even.

Bishop Is Arrested

Berlin, Nov. 5 (AP)—Polish security police have arrested the Roman Catholic Bishop of Ermland (Warmia) in East Prussia and taken him away in handcuffs, the Catholic Diocese of Berlin reported today. The church said in its weekly newspaper, Kirche, that Bishop Adelbert Zink was arrested in his offices recently and church records seized after a search. The diocesan newspaper said neither the Polish radio nor press had been permitted to make the incident public.

Dean Suggests

another thrashing out the major issue—who will attend.

The preliminary talks to arrange the peace parley have been stalled from the start over Red insistance that neutrals be invited and that this question lead the agenda for the Panmunjom discussions.

But Dean, speaking for the nations which fought against the Red armies in Korea, insists only the belligerents and possibly Russia attend the conference and wants the first order of business here to be a decision on time and place for the conference.

The UN Assembly has fixed composition of the conference and Dean is not authorized to change it.

Dean picked Kenneth Young, director of the Office of Northeast Asia (Japan and Korea) Affairs of the Department of State and Col. Stanton Babcock, a senior adviser, to represent him at lower level meetings if they are held.

Brothman Refuses

refused to answer almost everything."

The senator added that Brothman also declined to say whether he is a spy.

Brothman served two years in prison after being convicted for trying to induce atom spy Harry Gold to lie to a 1947 Federal Grand Jury probing espionage. Gold is serving a 30-year prison term as a co-conspirator of Julius and Ethel Rosenberg, executed last summer for handing over atomic secrets to Russia.

Brothman has worked at the Techni Flex plant since his release from federal prison.

McCarthy said Gaboriault told of having sent a chauffeured car to the Atlanta penitentiary to pick up Brothman when he left the prison and of meeting Brothman during the trial. Gaboriault also was quoted by McCarthy as saying he did not think Brothman was guilty of the charge on which he was convicted.

Brothman, McCarthy said, refused to say whether or not he knew Gaboriault.

Before his first subcommittee appearance yesterday, Brothman told newsmen he had not worked on anything having to do with government contracts—only private contracts dealing with refrigerator parts.

Bids on Gunsight

McCarthy quoted an unidentified Techni Flex official as saying that, although the company did not deal in classified materials, it is bidding on a new type gunsight.

"I can't undersand how that could be regarded as unclassified," McCarthy said.

Described as a manufacturing engineering concern, the Techni Flex firm employes 75 persons.

The subcommittee has been probing possible Communist subversion and espionage at the radar laboratory of Ft. Monmouth, N. J., Signal Corps headquarters. McCarthy says he believes an alleged spy ring at Monmouth might have had connections with the Rosenberg spy apparatus.

Subcommittee hearings continue today.

President Holds

that there is widespread dissatisfaction with the Eisenhower administration's failure to move ahead toward the solution of many of the vital problems facing the country.

"President Eisenhower is an estimable gentleman, but he just doesn't seem to be able to make any decisions."

'Let's Have It Now'

Republican National Chairman Leonard W. Hall said on an NBC radio program last night that if the Republicans were going to have a dip in popularity "let's have it now and not next year." All House seats and one-third of the Senate are to be filled then.

He said the Republicans had been busy reducing personnel, cutting expenditures and doing other things that weren't dramatic and didn't have political "it."

Asked if the GOP high command plans to attempt to cash in next year on Eisenhower's reputed level of popularity, Hall replied that 11 million new voters had marked the ballot for Eisenhower last year, and he said:

"It is our hope that we can bring those people to the polls again in 1954."

He promised the administration will advance an "affirmative program" in the session of Congress beginning in January, mentioning a reduction in taxes and a new farm program.

'We Are in Trouble'

Hall told his radio interviewers last night "we are in trouble" in next Tuesday's special California congressional election. He said two Democrats are running against two Republicans but one Democrat is not making much of a campaign.

This could split the GOP vote and boost the Democrats' chances to make it eight straight House election victories this year. Their seven-out-of-seven record so far includes Tuesday's New Jersey surprise, an upset last month in Wisconsin and five they figured to win in Georgia, Virginia, South Carolina, Illinois and Kentucky.

Eisenhower, questioned about last week's White House statement that he was endorsing all Republican candidates, qualified this somewhat for the future by saying that these candidates must have clean records of honesty and integrity. He said it was conceivable that these conditions might not be met in all cases.

He conceded, with a laugh, that he has been told his administration's failure to provide quickly enough federal jobs for Republicans might be weakening its position.

Says Agreement Best

Madrid, Spain, Nov. 5 (AP)—Sen. Dennis Chavez (D-NM), on an inspection tour of sites for proposed U. S. military bases in Spain, said today he feels the new Spanish-American military agreement is the best the United States has in Europe. The senator, who is here for the Senate Appropriations Committee, said in an interview the accord "was made in good faith by both sides. I am sure the United States and Spain have the intention to fullfill every part of that agreement."

Red Cross Seeks Christmas Gifts For Vets at Sea

Gifts to be distributed to servicemen who must spend Christmas Day at sea will be collected by the Ulster County Red Cross Chapter, Mrs. William H. Merrill, Chapter Service groups chairman, said today, asking the public to donate gifts for this purpose.

The Red Cross has carried on this Christmas on the high seas program for many years, and the men receiving the presents have been most grateful, Mrs. Merrill said. After Christmas last year, one wrote:

"I want to thank you people for making my Christmas and many more like me a happy one. On Christmas Day we were two days outside of Japan traveling from the states. Most of us were feeling quite blue, 13 days at sea and 5,000 miles from home on Christmas Day. After noon chow we were all, 3,000 strong, surprised by a stack of Christmas gifts which were handed out to all as they left the mess hall. I was lucky enough to receive a gift from your chapter. I've got to hand it to you, the package sure contained articles that a GI could and does need, cards, cigarettes, candy, toothbrush, manicure set and writing paper. Thank you all again for thinking of us on Christmas Day, it was grand, and I'm speaking for the other fellows, too."

Quota IS 200 Gifts

Donations may be brought to the chapter house at 308 Clinton avenue. While several organizations have donated 67 gifts, more are needed to fill the Chapter's quota of 200.

Mrs. Merrill said that all articles donated must be new, and must be selected from the following list of approved items:

Pencil with clip, photo folder, billfold, pencil-type flashlight, pocket-size bottle opener, key ring, cigarette case, pocket-size novel, comic book, playing cards, oilskin pouch, ballpoint pen, gum or hard candy in airtight cellophane bags, and plastic insert for billfold.

Red Cross volunteers will wrap the gifts in Christmas decorated paper, and they will be sent then to a selected port of embarkation to be placed on ships which will be en route overseas Christmas Day. The packages will be given to troops in transit and members of ships' crews.

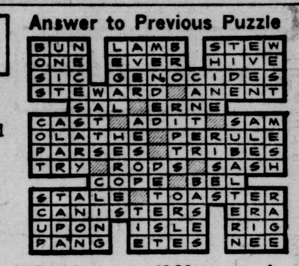
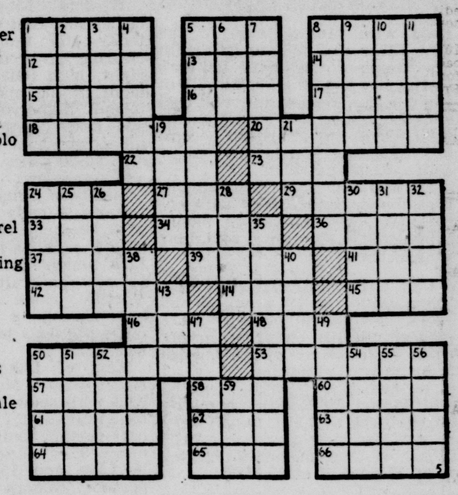
Answer to Previous Puzzle





Station Wagon Damaged

The front end of a station wagon driven by Jane DeSomma, 27, of R.D.1 was damaged when it struck a deer that ran across the Mt. Marion road about a mile and a half north of Lake Katrine about 9:30 p. m. Wednesday, state police reported. The deer was believed dead, but when troopers looked for it this morning it was missing, indicating probably that the animal had been stunned but later recovered and ran away, state police said.

Agree to Message

Paris, Nov. 5 (AP) — The United States, Britain and France have agreed to send another message to Moscow which will leave the door open for Big Four negotiations on the future of Germany and Austria, a French Foreign Ministry spokesman said today. The precise contents of this note have not yet been determined and it has not yet been decided where representatives of the three governments will meet to draft it, the spokesman added.

Snow Flurries Reported

Albany, Nov. 5 (AP)—The season's first widespread snow flurries fell throughout the state last night and will continue again tonight, the Weather Bureau reported today. Residents of the Catskill Mountain foothills near Albany reported brief but intense snow showers as temperatures fell into the 20s. The Weather Bureau said it was 19 at Oneonta last night. The bureau said a cold air mass from the northwest has brought the fall's first general cold snap to New York. It predicted the mercury would drop into the 20s again tonight and to the sub-20s in northern and mountainous sections of the state.

Meeting Is Called

Washington, Nov. 5 (AP)—Senators called a strategy meeting today to advance plans for turning a spotlight of publicity on the problem of juvenile delinquency. One announced goal of the special Senate judiciary subcommittee is to expose adults who have profited from recruiting teen agers into prostitution, the drug traffic and robbery. Sen. Hendrickson (R-NJ) said in advance of the closed door meeting he hoped to fix a schedule of cities in which to hold public hearings.

Ton of Yule Gifts

Tokyo, Nov. 5 (AP)—A ton of Christmas gifts for the orphans of Pusan was flown to Korea today on a U. S. Air Force C-124 Globemaster, along with a regular shipment of military cargo. The gifts were from Alabama citizens.

Other Man TooBright, Was Soldier's View

Panmunjom, Nov. 5 (AP) — Arthur Dean, New York attorney given the rank of special ambassador for his mission to set up a Korean peace conference, said today two soldiers were overheard talking about him in a base camp washroom.

"One of them," he related, "said 'why is this fellow Dean walking around here as a special ambasador?'

"The other soldier said: 'Because the regular ambassador was too bright to take the job.'"

Religious Sacrifices

In ancient Druid ceremonies, men were placed in straw cages made in the shape of giants or animals and became religious sacrifices when they died in the flames when their cages were set on fire.

Motorists Urged To Winterize Autos By State Official

Albany, Nov. 5 (AP)—The State Motor Vehicles commissioner today urged New York's 5,600,000 licensed drivers to be prepared for freezing rain, snow and sleet "both psychologically and with safe car equipment."

James R. Macduff offered motorists six rules for safe winter driving.

First Macduff said drivers should "accept your responsibility to do all in your power to drive without accident. No traffic accident is completely the fault of the weather or the roadway."

The commissioner also urged motorists to "get the feel of the road." This can be done, he explained, by trying the brakes occasionally while driving slowly and away from traffic.

Experience of a variety of road surfaces teaches the need for constantly adjusting speed to the highway and weather conditions, Macduff added.

His other safety rules: Keep the windshield clear; use tire chains on snow and ice; pump the brakes to slow down or stop, instead of slamming them on and follow other vehicles at a safe distance, signal any intention to stop or turn.

La Rosa Gets Ovation

Boston, Nov. 5 (AP)—As far as Boston is concerned, the name La Rosa can now be added to the list of Crosby, Como and Sinatra. Singer Julius La Rosa, who skyrocketed to fame on a setback, won the approval of some 20,000 wildly enthusiastic fans in four performances at his Metropolitan Theatre opening yesterday. And again today, a line began forming in the near-freezing cold outside the theatre several hours before the doors opened.
